## RIFT BETWEEN FRANCE AND ENGLAND ASSUMES CRITICAL PROPORTIONS

British Note Is Read Before the French Ministry.  
FRANCE HOLD CITIES  
Momentous Diplomatic Meetings Held By Government.

Paris, April 9.—The decision of the British cabinet opposing the advance of French troops into the German neutral zone from the Rhine was laid before the French ministry today by Premier Millerand.  
A note had been received from London early in the day defining exactly the attitude of Great Britain on the occupation of Frankfurt by the French.  
This was a day of momentous diplomatic meetings. The council of ambassadors met during the morning when the British note was read. Later the council of the league of nations was in session, but it was considered unlikely that the diplomats would consider the German question as it was understood that they did not have sufficient data on which to base a decision.  
It was learned from an authoritative source that France might insist upon the right to continue the occupation of Frankfurt until July 1, if the allies grant Germany's request to leave the reichswehr (German government troops) in the Ruhr district until that time.

**HOLD CONFERENCE.**  
There were several conferences during the day between high French military leaders and individual members of the government to discuss the German situation.  
The French press, previously misled by reports that England would support the French advance, displayed much bitterness in editorial comment today.  
Premier Lloyd George has dealt the entente a blow from which it will be difficult to recover and abandon it at a time when we are at grips with our enemy of yesterday who will undoubtedly be encouraged by our abandonment," said the Mid.

**GET BELGIAN SUPPORT.**  
"England has pronounced against the French occupation of the neutral zone, a movement which was carried out to guarantee our safety, and without doubt the United States and Italy may be expected to adopt the same attitude," said the Mid.  
"But at the same time comforting news arrives from Brussels, giving us assurance of Belgian support, which is a lesson of England in solidarity," said the Echo de Paris, blaming Premier Lloyd George for the British attitude calling him a demagogue.

The Petit Parisien emphasizes the cordial meeting at Mayence between Gen. Degoutte, the French commander on the Rhine and Major General Henry T. Allen, commander of the American army of occupation, quoting both as saying that they have evidence that the Germans are circulating false rumors to the effect that discussions have broken out among the allies.

**FRESH FRENCH FORCES ARRIVE IN GERMAN NEUTRAL TERRITORY**  
London, April 9.—Fresh forces of French reinforcements are arriving in the German neutral zone, according to an Exchange Telegraph dispatch from Berlin today.  
The German national assembly has been called to meet Monday to discuss the situation.  
The French commander has ordered uniformed Germans to salute French officers and French flags. Reproaches are threatened in the event of further encounters such as occurred at Frankfurt Wednesday when a number of Germans were killed.

**COMMISSION TO PASS ON FUEL**  
Columbus, O., April 9.—The state utilities commission today announced its decision not to finally pass upon the application of the Logan Natural Gas and Fuel Company for an order to discontinue to furnish natural gas to the Jantha Light and Fuel Company until the Logan company gives additional information relative to its request. The Jantha company furnishes service to municipalities in Darke, Greene and Preble counties.

The Logan company claimed that the Jantha company has not paid monthly bills for gas furnished under a contract. The latter company replied that it has been operating at a loss for a long time and that default in payment is due to inability to obtain sufficient revenue.

**NINE MORE OHIO CITIES SHOW GAIN**  
Washington, April 9.—Preliminary population figures were announced today by the census bureau as follows:  
Wooster, O., 1920 population 8,204; increase 2,068 or 33.7 per cent; 1910 population 6,136.  
Lancaster, O., 1920 population 14,706; increase 1,613 or 12.3 per cent; 1910 population 13,093.  
Wellsburg, O., 1920 population 8,899; increase 1,130 or 14.5 per cent; 1910 population 7,769.  
Milford, O., 1920 population 1,525; increase 204 or 15.4 per cent; 1910 population 1,321.  
Bethel, O., 1920 population 1,500; increase 139 or 11.6 per cent; 1910 population 1,201.  
Batavia, O., 1920 population 1,088; increase 54 or 5.2 per cent; 1920 population 1,034.  
Williamsburg, O., 1920 population 969; increase 21 or 2.2 per cent; 1910 population 948.

**OPEN CONFERENCE.**  
Alliance, O., April 9.—Y. M. C. A. officers of 35 Ohio educational institutions opened a training conference at Mount Union college today to continue three days.

## PEACE PROPOSAL EXPECTED TO PASS THE HOUSE IN VOTE

Measure Voted On Late On Friday Is Final.

### REPUBLICANS LEAD

Democratic Members Admit Resolution Is Not Theirs.

Washington, April 9.—The final vote on passage of the Porter resolution declaring an end of the war with Germany will be taken in the house late this afternoon.

Republican leaders who are behind the measure, claimed today they would have at least 75 majority on passage of the resolution.

Democratic leaders admitted that the resolution would be made up almost entirely from the Republican membership. They expected to lose few Democratic votes from the opposition they are maintaining.

The decided stand in favor of the resolution taken by Rep. Huddleston, Democrat of Alabama, was a surprise to many of the Democratic leaders. During the day there were evidences that a number of Democratic members from the Atlantic states and from the middle west would follow Huddleston off the Democratic reservation.

In the closing hours of the debate today party leaders on the floor of the house made eloquent appeals to their followers to stand by their respective parties on the final vote. Former Speaker Champ Clark and Rep. Kitchin rallied the Democrats, while Republican Floor Leader Mondell, Rep. Rodenberg and others made their pleas to the Republicans.

## SAYS SIM'S CHARGES ARE ENTIRELY WRONG BEFORE SENATE

Washington, April 9.—Admiral H. B. Wilson, commander-in-chief of the Atlantic fleet, disagreed today with many of Rear Admiral Sims' criticisms of the navy department's conduct of the war. Before the senate investigating committee the admiral declared the active fleet never was better prepared for than in April, 1917; the department wholeheartedly and energetically co-operated with the allies from the moment war was declared, and "full and complete" plans were prepared to meet a German naval offensive. The navy's accomplishments in the war, the admiral said, "deserve the commendation of the nation" for they were stupendous as to make "relatively unimportant" any mistakes.

Five days after the U. S. declared war, Secretary Daniels told representatives of the allied admiralities that the U. S. navy would do whatever they suggested as best for the common cause, the witness said, and plans then agreed on were immediately placed in effect. At that time, he asserted, the foreign officials did not "express any dire need of urgency" for naval assistance.

## EXPECT AMERICA WILL ACQUIESCE IN PLAN OF ENGLAND ON RUHR

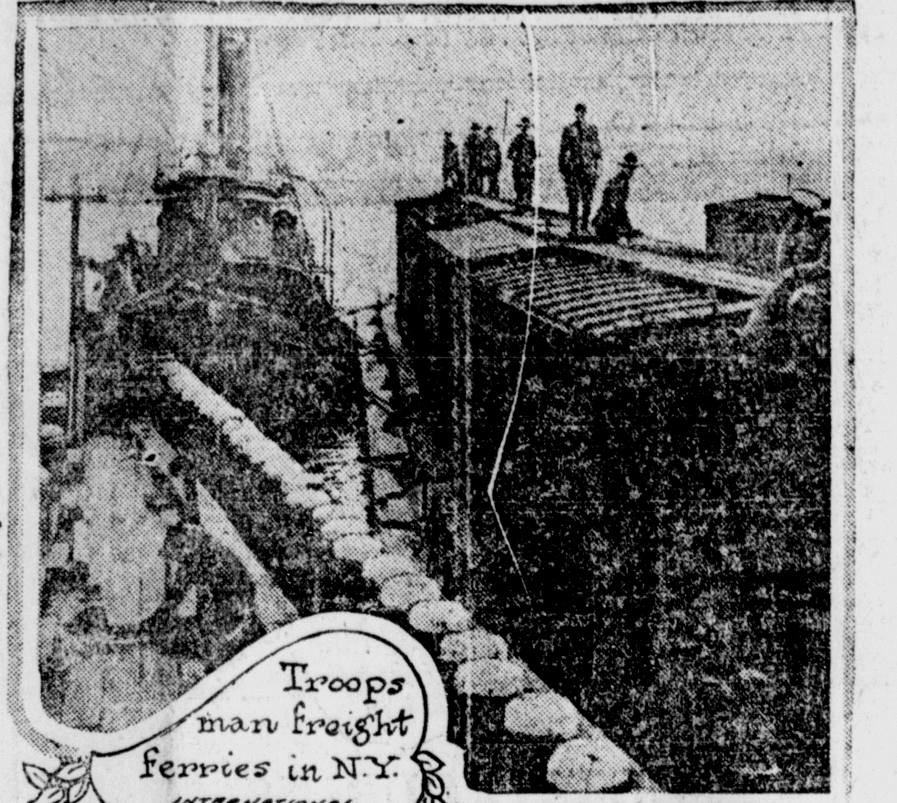

Washington, April 9.—Great Britain's announcement that the United States is in agreement with the disapproval of the French occupation of German cities in the neutral zone is based entirely upon communications of ten days ago as far as could be learned from officials of the state department today. It is expected that the United States will acquiesce in the opposition of Great Britain. The United States attitude is still waiting upon full facts, it was stated, and that the diplomatic conversations which have been in progress have been largely for the purpose of getting further information.

## HEAVY CASUALTIES REPORTED IN BATTLE OF RUSS AND JAPS

Washington, April 9.—Heavy casualties were suffered by both sides during the recent fighting between the Japanese and Russians in Siberia, according to advices reaching the military attaché of the Japanese embassy here today. In a ten hour fight which resulted in Japanese occupation of Khabarovsk the Japanese suffered 260 casualties while the Russians lost more than 400 dead, 1500 prisoners and seven guns.

The Japanese are in full control of Vladivostok, Nikolisk and Khabarovsk now, according to advices received here. The Russians, however, have extended their authority to the province of Amur and reinforcements have been sent up from that province.

## TROOPS MAN NEW YORK FERRIES

Owing to the strike of marine men which has practically paralyzed transport service in New York, detachments of troops from Governor's Island have been detailed to see that army freight is not tied up. The troops took charge of tugs, cars and floats, attending to the unloading and unloading, keeping a steady stream of supplies on the way to the headquarters of the Department of the East.

## U. S. TO REMAIN SILENT ON GERMAN SITUATION

### RENEW EFFORT TO CURB RENT PROFITEERING

Would Call Special Session of the Legislature.

Columbus, O., April 9.—Renewed effort is to be made to induce Governor Cox to call a special session of the state legislature to enact legislation designed to curb rent profiteers, it is understood.

Instead of drafting a proposed uniform ordinance, to be adopted by the municipalities throughout Ohio, with a view to putting an end to excessively high rentals, the committee of city solicitors at its conference here decided to inform Governor Cox that the cities are unable to regulate this situation without aid from the state legislature.

The majority judgement of this committee appears to be that the state eviction law prevents proper action by city officials. This law authorizes landlords to force tenants out of their homes after three days notice. Members of the committee believe a special legislative session should be called and this law amended by requiring landlords to give 30 days, instead of a three day, notice before eviction can be forced.

Some of the committee men, also, were of the opinion that the legislature could perform more effective service than the municipalities in regulating rents. In its report to the governor, the committee will urge that steps be taken for the purpose of encouraging house building.

## TURK CHIEF HAS BIG ARMY, BUT IS POORLY EQUIPPED

Constantinople, April 9.—Mustapha Kemal Pasha, leader of the Turkish nationalists in Anatolia, has gathered an army of 150,000 men, but they are poorly equipped, according to information received by the allied military authorities today.

The Turkish cabinet is debating military measures to be taken against the nationalists in Anatolia. Mustapha Kemal Pasha attempted to send out proclamations by telegraph, but the telegraph operators refused to handle them. They are being distributed by airplane.

## FORD DEMANDS HEARING ABOUT CAMPAIGN FUNDS

Detroit, April 9.—Charges that Henry Ford's senatorial campaign against Senator Newberry was no better than the jury in Grand Rapids found the Newberry campaign to be caused Mr. Ford to demand an immediate hearing in the Ford-Newberry contest pending before a senate committee. Mr. Ford's demand was in the form of a letter to Senator Dillingham, made public today.

**NEW CLASH REPORTED**  
Berlin, April 9.—The Local Anzeiger reports another shooting affair at Frankfurt, Thursday. A young girl, the dispatch says was killed and a woman wounded.

## TWENTY CITIES ARE AFFECTED BY TROUBLE WITH YARD WORKERS

Reports Indicate That New York Seriously Affected By Strike Situation.

### LEADERS ARE JEERED OFFICIALS FEARFUL

Railroad Service Throughout Country Seriously Crippled. Walkout Has Direct Connection With Chicago Trouble.

Chicago, April 9.—A nation wide railroad strike developed from a threat into a fact today.

Despite reassuring reports from railroad officials and the heads of the brotherhoods that normal conditions are gradually being restored here, reports poured into Chicago almost hourly of new additions to the strike in other cities and with twenty cities already affected, the trouble assumes national proportions.

Realizing that Chicago is the heart of the trouble, the railroad and brotherhood heads are concentrating every effort to break the backbone of the strike here, feeling that if this can be accomplished the strikes in other cities will subside rapidly.

In the meantime, however, railroad service throughout the country has been seriously crippled, with a consequent serious effect on industry generally, and in some quarters wonderment is expressed that the government does not take speedy and drastic steps to crush it. Thus far the only governmental action has been a proposal of President Wilson to appoint a wage board to settle the walk out—a suggestion sneered at by the strikers—and the sending to Chicago of G. W. W. Hanger, of the board of mediation and conciliation, who came here merely to make a survey of the situation and without authorization to offer government mediation. His lack of mediation powers, it was explained, was due to the facts that the government does not intend to recognize the "outlaw" unions to that extent.

**Declares Improvement.**  
The latest bulletin from the district chairman of the railroad brotherhoods, which are fighting for their very existence in their attempts to smash the strike declares that there has been a noticeable, though slow improvement in the situation here and continues:  
"Men drifted back to work in groups Thursday, and conditions in the district appear to be well in hand. On most of the lines more switching crews were working Thursday than at any time since Sunday. In nearly every yard freight is moving, apparently at least 50 percent. The strike is beginning to fade."

These claims, of course are met by loud guffaws from the strikers. They claim that not only have there been no desertions from their ranks, but that their number is being augmented hourly by desertions from the brotherhoods. They also deny that there is any movement of freight in the yards.

Appeals of the old union chiefs to induce the strikers to return to work were futile. A meeting at which Samuel E. Heberling, international president of the switchmen's union of North America, made such a plea was typical.

"The strike is illegal," declared Mr. Heberling after a prolonged greeting of jeers and hisses. "You can't get away with it. Do you think you are bigger than the United States?"  
"Yes," shouted his 500 hearers in chorus.

At several of the meetings men known to be members of the I. W. W. addressed the strikers and were loudly applauded. At one such meeting John Kretz, a switchman, who arose and urged his fellows to return to work was shot. He was spirited away before the police arrived.

## BOLSHEVIK TROOPS MASSED FOR ATTACK

London, April 9.—Russian bolshevik troops are being massed at Perekopp, ready for an advance in Crimea, according to a news agency dispatch from Constantinople today.

(Perekopp lies in the Russian government at Taurida on the Isthmus of Perekopp. The Isthmus connects Crimea with the Russian mainland.)  
The soviet war office at Moscow reported by wireless today that the remnants of General Denikin's army are refusing to fight and have already begun the evacuation of Crimea on steamships.

## PLOUGH SCRAPES SHELL TWELVE PERSONS KILLED

Cambrai, France, April 9.—Two explosions in which 12 persons were killed and two injured have occurred in the district of Villers Guislain, 18 kilometers from Cambrai. The explosions were caused by agricultural tractors coming in contact with unexploded shells in fields which were being ploughed.

**RENFORCEMENTS SENT BY ITALY**  
Rome, April 9.—Reinforcement troops were today ordered at Viareggio, Carrara and Massa as a result of "serious news" from those cities where labor disturbances are occurring.  
The strikes at Bologna and Pisa have ended but those at Leghorn, Livorno and Vercella continue in force.

## LUMBER MEN CONFER ON PLAN TO REDUCE AMOUNT OF LITIGATION

Columbus, O., April 9.—Lumber men are conferring here today in an endeavor to agree upon a plan designed to reduce litigation to a minimum by settling through arbitration disputes between dealers over payments.

In attempting to draw up a standard code the conferees take the position that all litigation is paid for by the public. A plan under consideration provides that in cases where shipments do not come up to contract specifications that portion of the lumber complying with specifications be paid for and the disputed parts of the shipments be passed upon by a board of arbitration.

Conferees include representatives of the National Wholesale Lumber Dealers Association, the Philadelphia Wholesale Lumber Dealers Association, the Pittsburgh Wholesale Lumber Dealers Association, the National Retail Lumber Dealers Association, the Retail Lumber Dealers Association of Ohio, Michigan, New York, Pennsylvania and Retail Dealers Associations of Detroit, St. Louis, Cincinnati and Columbus.

## FRENCH DECLARE WAR ON ABSINTHE

Paris, April 9.—Absinthe, forbidden during the war, has recently been creeping back into the stocks of some cafes in this city and its consumption has assumed proportions sufficient to attract the attention of the police.

Great difficulty has been encountered in the past by those fighting the use of this liquor, which is being served under various names, no one being able to give an exact definition of it. Government officials, however, have now developed a test, which police officers can apply on the spot, and if a drink shows the presence of absinthe, all stocks of the beverage are confiscated and the vendor is arrested.

## U. S. TO REMAIN SILENT ON GERMAN SITUATION

### RENEW EFFORT TO CURB RENT PROFITEERING

Washington, April 9.—The United States will sit tight for the present. This was the view of officials here today in connection with the apparent differences between the French and the British over the French occupation of the German cities in the neutral zone.

"There is no statement I can make with propriety at this time," Secretary of State C. G. Ladd said today when asked for his view of the situation.

Secretary C. G. Ladd indicated that the United States will take no action until further facts are presented and a full and complete report is received from Ambassador Davis as to the English position and from Ambassador Wallace as to the French position.

The president was supplied with news reports of the latest developments this morning, but it was stated at the White House that he is not likely to make any official utterance. It was indicated, however, that the president does not view the differences between the English and the French with great alarm and this was generally the opinion in official circles here. In well informed circles the action of Great Britain did not come with any great surprise for Great Britain had previously gone on record as being in favor of permitting Germany to settle the Ruhr valley dispute.

Officials refused to accept the situation as an Anglo-French split and were of the opinion that it does not offer possibilities of any grave crisis between the allies.

### SUSTAINS PAINFUL INJURIES WHEN TRAMPLED BY HORSE

Trampled by a horse which he was leading, when he fell in front of the animal, Kenneth Welsh, son of L. D. Welsh of Yellow Springs, was thought to be seriously hurt Thursday evening. Physicians found that no bones were broken and that the youth's injuries consisted of severe bruises and lacerations about the chest.

Mr. Welsh and his brother, Eldon, were taking two horses to the home of Edward Beatty on the Clifton pike, and were close to the Beatty home, when Kenneth stepped on a rock which turned under his foot, and he was thrown beneath the hoofs of the horse he was leading. The frightened animal plunged and its hoofs descended upon his chest.

Dr. Hanna of Springfield who was in Yellow Springs, and Dr. L. Taylor were called to the Beatty home, where the young man was taken.

### GERMAN OFFICER KILLED BY FRENCH PATROL, REPORT

Berlin, April 9.—Lieutenant Count Kalnein, of the German army, was killed by a French patrol near Friedberg in the new French zone of occupation, according to information received here today. Lieutenant Count Kalnein was said to be seeking a conference with the French commanders when German and French patrols clashed.

## TWENTY THOUSAND DOLLAR FIRE OCCURS AT URBANA COLLEGE

Urbana, April 9.—Barkley Hall, Urbana University was destroyed by spectacular fire here early today. The fire was discovered by a member of the faculty at 11:30, who undressed the alarm. At 1:30 Friday morning the blaze was reported under control.

No one was in the building at the time the blaze started, but it was said by firemen the blaze probably originated from wires under the roof of the building.

Volunteer workers went into the burning hall and salvaged the big library of the university as well as the chemical and physical research laboratory equipment.

Textbooks and other school equipment are a total loss.

The main building of the college is not damaged by the fire. Some of the books were saved by water and in moving the books and other school equipment.

The boy's dormitory is about 200 feet from Barkley hall, while that using the girls is in another part of the campus.

J. C. Horr, one of the trustees of the college could not make any estimate of the loss sustained late Friday morning. The building, he said, cost approximately \$20,000 to erect in 1875. Some insurance was carried, but the exact amount could not be ascertained.

The building housed the Girl's Assembly room and three recitation rooms on the first floor. On the second floor was the gymnasium and auditorium.

Urbana University is the only school dedicated to the Swedenborg religious denomination in America.

It was founded in 1850 by John James and others, pioneers of the faith in America. At the present time there are some forty students attending the school.

## EDARVILLE MAN DIES AT AGE OF 66 EARLY ON FRIDAY

John Calvin Barber, aged 66 years, the last 41 years a dry goods merchant in Cedarville, and a native of Cedarville township, died of bronchial pneumonia at 2:35 Friday morning, after having been ill one week.

Mr. Barber was born on a farm west of Cedarville, July 31, 1853, and was reared there.

He entered business life in Cedarville as a young man and later took his second son, Warren, into partnership with him. The young man now conducts the store.

His first marriage was with Miss Sophie Frazer, a sister of A. S. Frazer of this city, who died about 30 years ago leaving one son, Fred, now resident of New York city. His second marriage was to Miss Anna Miller, mother of his son, Warren.

Mr. Barber also died a number of years ago. He is survived by his third wife, who was before marriage Miss Annette Hood of New York. Mrs. Barber is now ill in a hospital in Springfield.

Besides his widow and two sons, of whom were at their father's bedside when he died, he leaves a daughter, R. L. Barber of Columbus.

Following sisters, Mrs. C. H. E. of Columbus; Mrs. Franklin E. of Boston; Mrs. D. F. Collins of Denver, Col.; Mrs. R. F. Anderson of Santa Anna, Cal.; Mrs. T. R. Aldridge, of Dayton; Mrs. E. L. Thur, Mrs. L. L. Stiles and Miss Fie Barber of Springfield.

Mr. Barber had held the office of age treasurer of Cedarville for a number of years. He was a member of the Cedarville United Presbyterian church, and of the Masonic lodge.

**ST. BRIGID'S METEORS LEASE BALL PARK**

This city will be represented in amateur baseball circles with a Sunday ball team this year.

This announcement was made following a lease drawn up Thursday between John Ringer, owner of the Reserve park on Cincinnati avenue, and the management of St. Brigid's Meteors, who having just closed a most successful basketball season, are launching heavily into the national game.

The lease as prepared gives the Meteors the sole right and privilege to the park through the summer and next fall, during the football season. They are preparing to put a team in the field that will equal any its size and will perform for the local ball fans on Sunday afternoons.

The team will start the season April 25, when the Dayton Oswegos will come here for the lid lifting event.

# TWENTY THOUSAND DOLLAR FIRE OCCURS AT URBANA COLLEGE

Urbana, April 9.—Barkley Hall, Urbana University was destroyed by a spectacular fire here early today. The fire was discovered by a member of the faculty at 11:30, who sounded the alarm. At 1:30 Friday morning the blaze was reported under control. No one was in the building at the time the blaze started, but it was said by firemen the blaze probably originated from wires under the roof of the building. Volunteer workers went into the burning hall and salvaged the big library of the university as well as the chemical and physical research laboratory equipment. Textbooks and other school equipment are a total loss. The main building of the college is not damaged, by the fire. Some loss was sustained by water and in moving the books and other school equipment. The boys' dormitory is about 200 feet from Barkley hall, while that using the girls is in another part of the campus. J. C. Horr, one of the trustees of the college could not make any estimate of the loss sustained late Friday morning. The building, he said, cost approximately \$20,000 to erect in 1875. Some insurance was carried, but the exact amount could not be learned. The building housed the Girl's Assembly room and three recitation rooms on the first floor. On the second floor was the gymnasium and auditorium. Urbana University is the only school dedicated to the Swedenborg religious denomination in America. It was founded in 1850 by John James and others, pioneers of the faith in America. At the present time there are some forty students attending the school.

# CEDARVILLE MAN DIES AT AGE OF 66 EARLY ON FRIDAY

## Quick Action Corn Cure

"Gets-It" Stops Pain Instantly and Corn Soon Lifts Right Off.

A few drops of "Gets-It" quenches corn pains like water quenches fire. Gives you immediate relief.

"Gets-It" Feels It Off

The corn begins to lose its grip at once. In a day or two it is so loose that you can lift it off with all the twist of thumb and finger. That's the best of it, as millions have found out. It is the simple, effective and common-sense way to be rid of corns.

"Gets-It" the never-failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago.

The funeral of J. Calvin Barber will be held at the home in Cedarville Sunday afternoon at 2 o'clock.

### LITTLE GIRLS ENTERTAIN AT PARTY

Little Misses Helen Reutinger and Jane Hayward were hostesses to a crowd of schoolmates, mostly from the sixth grade at Central School at the Hayward home Thursday evening. The young people played games and danced, and refreshments were served. Sixteen boys and girls were present.

### MR. AND MRS. GIBNEY ENTERTAIN AT CARDS

Mr. and Mrs. J. Walker Gibney entertained at cards Thursday evening at their home on North Galloway street. The affair was the second party given by them this week, another company having been their guests Tuesday night.

### ENGLISH WOMEN WILL VISIT IN CANADA

Mrs. Isabel Phillips and Miss Lena Phillips, English women, who have been the guests of Dr. and Mrs. Lawrence Shields for the last week, are leaving Xenia, on Sunday, for New York, and from there go to Canada to spend the summer with friends. During the war, Mrs. Phillips was in charge of the Club for Canadian officers, in London, and it is in the homes of friends who were made during that period that they will be guests. They will sail late in the summer for England. Mrs. Phillips and Miss Phillips are sisters-in-law. They are in this country after leaving Mexico City, where they have spent several months closing up their affairs. They were residents of Mexico City and left the country hurriedly with other refugees at the time of the revolution.

Mrs. Shields invited a small company for tea Thursday to meet her house guests. Miss Phillips, who sings beautifully, delighted the guests with several vocal selections.

### MISS JEAN DAVIDSON WEDDED O CALIFORNIAN.

Mr. and Mrs. John M. Davidson announce the marriage of their daughter, Jean on Wednesday morning, April 7, to Mr. H. E. Keeler of Los Angeles, at Chicago. Mr. and Mrs. Keeler are now on their way to California where they will make their home.

Mr. and Mrs. Keeler became acquainted in New York, where Mrs. Keeler attended Pratt Institute after her graduation from Xenia high school. She is a girl of unusual beauty and much talent.

### DOUBLE CEREMONY

Sisters were brides in a double wedding ceremony which was solemnized by the Rev. Charles E. Beiderwolf at the parsonage of the First Methodist Episcopal church Thursday evening, at 6 o'clock.

The brides were Miss Edna Ellen Rhubert and Miss Clara Belle Rhubert, daughters of Mr. and Mrs. J. R. Rhubert of the Wilmington pike. Miss Edna became the bride of William Russell Muterspaw, and Miss Clara was wedded to Clayton Allen Swartz.

Both couples pronounced the vows together, the ring service being used, and the service was unusual and very impressive.

The brides were attired very attractively, Miss Edna wearing a navy blue tailored suit, and maine hat in the same shade, while Miss Clara wore a navy blue tricolor dress, with tan spring coat, and hat to match. Both girls wore corsage bouquets of pink roses.

Following the service, the bridal party motored to the home of the brides' parents, where a three course dinner was served. Besides the brides' parents, their brothers-in-law and sisters, Mr. and Mrs. Fay Kershner of Yellow Springs, Mr. and Mrs. Brice Linkhart of Goes Station, and their brother, Clarence, were guests at dinner.

Mr. and Mrs. Muterspaw are going to housekeeping in their own home at 707 South Detroit street, and Mr. and Mrs. Swartz have taken an apartment with them temporarily. Mr. Muterspaw who is the son of Mr. and Mrs. S. W. Muterspaw of this city, is a brakeman on the Pennsylvania railroad. Mr. Swartz is the son of Mrs. Rosa Sharp of Troy. He is employed as pressman for the Gazette and Republican, and has been a resident of Xenia about two years.

## PRESENT ORGANIZATION IS BEST EVER FORMED BY CHURCH PEOPLE

"This organization is the wisest, the simplest and the best that has ever been formed by any agency," said the Rev. Warren H. Denison, of Dayton, team captain in charge of the Greene County inter-church conference of the Inter-Church World Movement of North America, which opened at the First Methodist church this morning.

The Rev. Denison was the first speaker at the morning session, and was introduced by the Rev. J. O. C. McCracken of the Presbyterian church, County Chairman of the Inter-Church Movement.

"We have come together, said the Rev. Denison in order to think and plan concerning the interest of Jesus Christ, to create a large vision, a deeper sympathy, and a greater spirit of co-operation in the Christian World. It is the consensus of opinion of Christians in all the churches that there has never been a day like this for the church since the coming of Christ. There has never been an Easter when there was so great a gathering as at this Easter, when men and women are allying themselves with the church of Christ, and blind is the man who cannot see the cross of Christ rising out of these turbulent times we have had."

The Rev. Denison, an earnest speaker, drew a word picture of Christ on the cross, gazing out on

### LITTLE FOLKS ENJOY BIRTHDAY PARTY.

Mrs. Jacob Lees was hostess to several little folks Thursday in honor of her small grandson Gail Lees, the occasion being Gail's fourth birthday anniversary. The children who enjoyed the afternoon with Gail were Betty and John Huffman, John Turner, Henry and Marie Katz. Each of the little guests brought a present for Gail. The hostess served party refreshments.

## STORY TOLD BY WOMAN OFFERS WORTHY ADVICE

### Suffered for Eight Months Then Trutona Gave Her Real Health Again.

Delaware, O., April 8th, 1920—Mrs. Mary Kaley wife of a local employee of the Hocking Valley R. R. Company, who lives at 112 East Central street, is now advising others to give Trutona, the perfect tonic, a trial, after gaining remarkable relief from her troubles through its use herself. She describes her relief in the following interesting statement:

"About eight months ago I began having trouble with my liver and kidneys, but I didn't pay much attention to it until about three months ago, when I realized that something had to be done. My appetite had become poor and what little I did eat didn't taste right. I was also bothered a great deal with headaches and dizziness at times. I was so nervous I couldn't sleep at night, and when I'd get up of mornings I'd feel as though I hadn't had any rest at all.

"It has taken just one bottle of Trutona to create this decided improvement in my condition. I don't suffer from the headaches as I formerly did, and that dizzy feeling has also been relieved. The pains in my right side and back, too, have been relieved by Trutona, and my nerves have been steadied so that I can sleep much better now. There is only one trouble about my appetite nowadays, and that is getting enough to eat. He gave the history of the Inter-Church World Movement from its infancy to the present time, when thirty denominations, or sixty percent of protestantism, have joined the campaign and 400 teams of workers of five persons each are out working throughout the length and breadth of the land.

In touching on the amount of money needed to carry on the campaign which has been fixed at \$36,775.72, the Rev. Denison said that this is not a greater sum than our country spent last year for perfume alone. The sum required will be apportioned among the thirty

churches, and \$175,448,339 must be paid in 1920, the balance to be paid in from two to five years.

Before opening the talk the Rev. Denison introduced the members of his team, the Rev. A. R. Clippinger, of Dayton, C. E. Schenck of Cincinnati, and Mrs. Eugene Popeck, who comes in the place of Mrs. John H. Tait who was expected to be the woman on the team.

F. P. Hastings, of Xenia, campaign director of the Inter-Church Movement, took charge of the meeting following the talk of Mr. Denison, and explained the United Simultaneous financial campaign. Pamphlets bearing questions and answers were distributed to their congregation and the answers read in unison as the leader asked the questions. The campaign will be held during the week of April 25, and the money received will be divided among the different branches of church work.

A representative congregation was present at the opening session, and was led in prayer by the Rev. Albert Read, pastor of the First Baptist church.

The team conducting the conference in Xenia has just completed two successful conferences, one in Miami county and one in Preble county.

## Society

### LITTLE GIRLS ENTERTAIN AT PARTY

Little Misses Helen Reutinger and Jane Hayward were hostesses to a crowd of schoolmates, mostly from the sixth grade at Central School at the Hayward home Thursday evening. The young people played games and danced, and refreshments were served. Sixteen boys and girls were present.

### MR. AND MRS. GIBNEY ENTERTAIN AT CARDS

Mr. and Mrs. J. Walker Gibney entertained at cards Thursday evening at their home on North Galloway street. The affair was the second party given by them this week, another company having been their guests Tuesday night.

### ENGLISH WOMEN WILL VISIT IN CANADA

Mrs. Isabel Phillips and Miss Lena Phillips, English women, who have been the guests of Dr. and Mrs. Lawrence Shields for the last week, are leaving Xenia, on Sunday, for New York, and from there go to Canada to spend the summer with friends. During the war, Mrs. Phillips was in charge of the Club for Canadian officers, in London, and it is in the homes of friends who were made during that period that they will be guests. They will sail late in the summer for England. Mrs. Phillips and Miss Phillips are sisters-in-law. They are in this country after leaving Mexico City, where they have spent several months closing up their affairs. They were residents of Mexico City and left the country hurriedly with other refugees at the time of the revolution.

Mrs. Shelds invited a small company for tea Thursday to meet her house guests. Miss Phillips, who sings beautifully, delighted the guests with several vocal selections.

### MISS JEAN DAVIDSON WEDDED O CALIFORNIAN.

Mr. and Mrs. John M. Davidson announce the marriage of their daughter, Jean on Wednesday morning, April 7, to Mr. H. E. Keeler of Los Angeles, at Chicago. Mr. and Mrs. Keeler are now on their way to California where they will make their home.

Mr. and Mrs. Keeler became acquainted in New York, where Mrs. Keeler attended Pratt Institute after her graduation from Xenia high school. She is a girl of unusual beauty and much talent.

### DOUBLE CEREMONY

Sisters were brides in a double wedding ceremony which was solemnized by the Rev. Charles E. Bennett at the parsonage of the First Methodist Episcopal church Thursday evening, at 8 o'clock.

The brides were Miss Edna Ellen Rhuert and Miss Clara Belle Rhuert, daughters of Mr. and Mrs. J. R. Rhuert of the Wilmington pike.

Miss Edna became the bride of William Russell Muterspaw, and Miss Clara was wedded to Clayton Allen Swartz.

Both couples pronounced the vows together, the ring service being used, and the service was unusual and very impressive.

The brides were attired very attractively, Miss Edna wearing a navy blue tailored suit, and maine hat in the same shade, while Miss Clara wore a navy blue tricolette dress, with tan spring coat, and hat to match. Both girls wore corsage bouquets of pink roses.

Following the service, the bridal party motored to the home of the brides' parents, where a three course dinner was served. Besides the brides' parents, their brothers-in-law and sisters, Mr. and Mrs. Fay Kershner of Yellow Springs, Mr. and Mrs. Brice Linkhart of Goes Station, and their brother, Clarence, were guests at dinner.

Mr. and Mrs. Muterspaw are going to housekeeping in their own home at 707 South Detroit street, and Mr. and Mrs. Swartz have taken an apartment with them temporarily. Mr. Muterspaw who is the son of Mr. and Mrs. S. S. Muterspaw of this city, is a brakeman on the Pennsylvania railroad. Mr. Swartz is the son of Mrs. Rosa Sharp of Troy. He is employed as pressman for the Gazette and Republican, and has been a resident of Xenia about two years.

## PRESENT ORGANIZATION IS BEST EVER FORMED BY CHURCH PEOPLE

"This organization is the wisest, the simplest and the best that has ever been formed by any agency," said the Rev. Warren H. Denison, of Dayton, team captain in charge of the Greene County in ter-church conference of the Inter-Church World Movement of North America, which opened at the First Methodist church this morning.

The Rev. Denison was the first speaker at the morning session, and was introduced by the Rev. J. O. C. McCracken of the Presbyterian church, County Chairman of the Inter Church Movement.

"We have come together, said the Rev. Denison in order to think and plan concerning the interest of Jesus Christ, to create a large vision, a deeper sympathy, and a greater spirit of co-operation in the Christian World. It is the consensus of opinion of Christians in all the churches that there has never been a day like this for the church since the coming of Christ. There has never been an Easter when there was so great a gathering as at this Easter, when men and women are allying themselves with the church of Christ, and blind is the man who cannot see the cross of Christ rising out of these turbulent times we have had."

The Rev. Denison, an earnest speaker, drew a word picture of Christ on the cross, gazing out on

### LITTLE FOLKS ENJOY BIRTHDAY PARTY.

Mrs. Jacob Lees was hostess to several little folks Thursday in honor of her small grandson Gail Lees, the occasion being Gail's fourth birthday anniversary. He children who enjoyed the afternoon with Gail were Betty and John Huffman, John Turner, Henry and Marie Katz. Each of the little guests brought a present for Gail. The hostess served thirty refreshments.

## STORY TOLD BY WOMAN OFFERS WORTHY ADVICE

### Suffered for Eight Months Then Trutona Gave Her Real Health Again.

Delaware, O., April 8th, 1920—Mrs. Mary Kaley wife of a local employe of the Hocking Valley R. R. Company, who lives at 112 East Central street, is now advising others to give Trutona, the perfect tonic, a trial, after gaining remarkable relief from her troubles through its use herself. She is both grateful and enthusiastic in describing her relief in the following interesting statement:

"About eight months ago I began having trouble with my liver and kidneys, but I didn't pay much attention to it until about three months ago, when I realized that something had to be done. My appetite had become poor and what little I did eat didn't taste right. I was also bothered a great deal with headaches and dizziness at times. I was so nervous I couldn't sleep at night, and when I'd get up of mornings I'd feel as though I hadn't had any rest at all."

"It has taken just one bottle of Trutona to create this decided improvement in my condition. I don't suffer from the headaches as I formerly did, and that dizzy feeling has also been relieved. The pains in my right side and back, too, have been relieved by Trutona, and my nerves have been steadied so that I can sleep much better now. There is only one trouble about my appetite nowadays, and that is getting enough to eat. Trutona has certainly done for me just what was recommended for it and I know it is the medicine for ailments such as mine. My advice to others who are troubled as I was, is to try Trutona as I have done."

Trutona is now being introduced and explained in Xenia at Sayre & Hemphill's Drug Store.

## "COMPETITION IS THE LIFE OF TRADE," BUT WON'T BUILD HOUSES.

"Our wills and fates do so contrary run" that they often puzzle us which way to turn. Take, for instance, the old saying that "competition is the life of trade." Often the man in business feels the contrary—he doesn't want competition—he wants to be let alone, so that he can charge what he considers a fair price, so that he can make a fair profit. But here comes the other fellow, willing to take a less profit, and under sells him, to his disgust.

That is what competition does, and while the two are fighting it out between them, the public gets the benefit of their contention, and buys where personal interest lies. It has been so since the world began, and is likely to continue so, as justified by increased trade and public advantage.

And the more so now, when prices are sky high, and merchants are said to be making larger profits than ever before, the poor public being the under dog in the battle of life. Perhaps it is only human nature to feel that it is the other fellow who is profiteering.

For four years the world was fighting, and had not been building any houses, comparatively. So it is no wonder that now, all over this land, there is such a demand for houses for people to live in as never before experienced. But because of that miserable war, prices of labor and material have so advanced that capital cannot see its way clear to build residences from which rental can be obtained to justify. So here is a case where competition falls down, and the old motto don't work.

"They say," it has always been thus after wars, and that time alone will remedy the evil, when again competition will have its inning, and the public once more be able to laugh.

In the meantime, the good people of the First United Presbyterian Church, Xenia, want a parsonage for their minister, and we were glad to see that they had settled on the very sensible plan of building one. Having a splendid site, and dividing the expense between them, they can now provide for their good dominee a home that will be a credit to them and a comfort to him.

One of Xenia's problems today is how to provide dwelling houses for the people. The lack of them is retarding the development of the city. The man or firm that helps solve this need is a public benefactor.

### SPRING FRILLS

Most of us are busily putting away our winter clothes and thinking of all the fresh and pretty things which make it springtime, at least as far as our wardrobe goes. This is to be essentially a spring of frills and furbelows, and the woman who has any ingenuity can save a great many dollars on her new clothes and at the same time be very well dressed.

Quite a number of the new spring suits show eon jackets. That means the blouse becomes an important item of the wardrobe. Hand-made blouses are very much in vogue and are the easiest of all garments for a woman to make at home. The prettiest of them show frills and pleatings, edged with Irish or filet lace or, if one is fortunate enough to know how to make it, the old-fashioned taiting.

The new neckwear is very frilly and dainty and the prettiest pieces are sometimes quite expensive. But any woman who is clever, can make herself all sorts of delightful collar and cuff sets and sleeveless gimpes by utilizing odd bits of lace and

material from her scrap bag. A little touch of hand embroidery on neckwear doubles its value and will only take half an hour to do at home. A great many of the new blouses are nothing but smocks trimmed with frills and pleating. These are very easy to make as they require little fitting. They have the advantage, also of becoming a really dressy costume by the addition of a plain skirt of the same material.

### Questions and Answers.

Mabel—Lists of foods and directions for dieting appear usually in the Saturday Chats. If you will send me a letter with a self-addressed, stamped envelope enclosed, I will mail you full directions for reducing.

H. S.—Send me a letter with a self-addressed, stamped envelope enclosed for the cantharides hair tonic. This is astringent and will keep the hair from falling.

Snoodles—Use the crude oil on the scalp before the shampoo. If your scalp is dry, use a little olive oil after the shampoo.

## CHATTER

"A tramp asked a gentleman for a few cents to buy some bread. 'Can't you go into any business that is more profitable than this?'"

"I'd like to open a bank if I could only get the tools," answered the tramp.

Old Portly found himself stranded for an hour or so in a strange town and decided to have something to eat.

He entered the only restaurant he could find and called for a menu.

"There ain't one, sir," said the waiter, who looked as if he'd been blighted in infancy. "But I can tell you what's on!"

"Let's have it, then," said Portly. The waiter took a deep breath, and reeled off a lengthy list.

"You've a wonderful memory, my man!"

"No, sir," said the waiter, meekly, "I just looks at the tablecloth!"

He hated having his photograph taken, but his wife, indirectly, had forced him to undergo the much-dreaded ordeal.

When she saw the photograph she cried out in horror: "Oh, George; you have only one button on your coat!"

He: "Thank heaven, you've noticed it at last. That's why I had the photograph taken!"

A girl and a man sat under a palm in the ballroom.

"Is your love true?" the girl asked.

"As true," the man answered, in low, passionate tones, "as the delicate flush on your cheek."

"Oh—er—!" the girl stammered, hurriedly; "isn't the—er— doesn't the band play nicely?"

## Is It Yours

Leopold Second, king of the Belgians was son of Leopold First and was born in Brussels in 1835. When he was 11, he was made Duke of Brabant and a lieutenant in the army, when he was 21 he became a member of the Belgian senate. He married Marie Henriette, who was a great granddaughter of the famous Maria Theresa and great niece of the equally famous Marie Antoinette. This young girl was so beautiful and accomplished that she was called "The Rose of Brabant," and was dearly loved by all the Belgians.

Leopold succeeded to the throne in 1865 and four years later his only son died. This left the succession to Leopold's brother, whose son Albert is now king of Belgium.

One of the greatest things politically that Leopold did for his kingdom was to develop the Congo region in Africa. It was also one of the worst things he did because of the bad administration of that region. The exploitation of the Congo brought Leopold an immense fortune and much hostile criticism.

Leopold the Second died near Brussels 10 years ago. He was a man of great strength of character, but was notoriously dissolute.

### CRISIS HAS ARISEN.

#### SAYS LONDON TIMES

London, April 9.—The London Times says that a crisis has arisen in Anglo-French relations and that, contrary to assurances that the differences of opinion between the allies regarding the violation of the neutral zone by German troops were about to be composed by a friendly understanding, it appears that the British government yesterday took steps to emphasize their disagreement with the policy of France.

skilled men have held sway. They are becoming expert factory hands and more and more are holding down jobs for which formerly only men were thought to be fitted. This cheerful young miss is an efficient lithograph pressman in Portland, Oregon. With her flat-heeled shoes, overalls and rolled up shirt sleeves she is all ready for a hard day's work. She runs a multifold color label press in a Portland factory and although she is only twenty-four years old she handles her big machine as expertly as did the man whose place she took. There may be another reason for her beaming smile, for she receives "equal pay for equal work."

## "COMPETITION IS THE LIFE OF TRADE," BUT WON'T BUILD HOUSES.

"Our wills and fates do so contrary run" that they often puzzle us which way to turn. Take, for instance, the old saying that "competition is the life of trade." Often the man in business feels the contrary—he don't want competition—he wants to be let alone, so that he can charge what he considers a fair price, so that he can make a fair profit. But here comes the other fellow, willing to take a less profit, and under sells him, to his disgust.

That is what competition does, and while the two are fighting it out between them, the public gets the benefit of their contention, and buys where personal interest lies. It has been so since the world began, and is likely to continue so, as justified by increased trade and public advantage.

And the more so now, when prices are sky high, and merchants are said to be making larger profits than ever before, the poor public being the under dog in the battle of life. Perhaps it is only human nature to feel that it is the other fellow who is profiteering.

For four years the world was fighting, and had not been building any houses, comparatively. So it is no wonder that now, all over this land, there is such a demand for houses for people to live in as never before experienced. But because of that miserable war, prices of labor and material have so advanced that capital cannot see its way clear to build residences from which rental can be obtained to justify. So here is a case where competition falls down, and the old motto don't work.

"They say," it has always been thus after wars, and that time alone will remedy the evil, when again competition will have its inning, and the public once more be able to laugh.

In the meantime, the good people of the First United Presbyterian Church, Xenia, want a parsonage for their minister, and we were glad to see that they had settled on the very sensible plan of building one. Having a splendid site, and dividing the expense between them, they can now provide for their good dominee a home that will be a credit to them and a comfort to him.

One of Xenia's problems today is how to provide dwelling houses for the people. The lack of them is retarding the development of the city. The man or firm that helps solve this need is a public benefactor.

## BEAUTY CHATS

### SPRING FRILLS

Most of us are busily putting away our winter clothes and thinking of all the fresh and pretty things which make it springtime, at least as far as our wardrobe goes. This is to be essentially a spring of frills and furbelows, and the woman who has any ingenuity can save a great many dollars on her new clothes and at the same time be very well dressed.

Quite a number of the new spring suits show eon jackets. That means the blouse becomes an important item of the wardrobe. Hand-made blouses are very much in vogue and are the easiest of all garments for a woman to make at home. The prettiest of them show frills and pleatings, edged with Irish or fillet lace or, if one is fortunate enough to know how to make it, the old-fashioned taiting.

The new neckwear is very frilly and dainty and the prettiest pieces are sometimes quite expensive. But any woman who is clever, can make herself all sorts of delightful collar and cuff sets and sleeveless guimpes by utilizing odd bits of lace and

material from her scrap bag. A little touch of hand embroidery on neckwear doubles its value and will only take half an hour to do at home.

A great many of the new blouses are nothing but smocks trimmed with frills and pleatings. These are very easy to make as they require little fitting. They have the advantage, also of becoming a really dressy costume by the addition of a plain skirt of the same material.

### Questions and Answers.

Mabel—Lists of foods and directions for dieting appear usually in the Saturday Chats. If you will send me a letter with a self-addressed, stamped envelope enclosed, I will mail you full directions for reducing.

H. S.—Send me a letter with a self-addressed, stamped envelope enclosed for the cantharides hair tonic. This is astringent and will keep the hair from falling.

Snoddes—Use the crude oil on the scalp before the shampoo. If your scalp is dry, use a little olive oil after the shampoo.

## CHATTER

"A tramp asked a gentleman for a few cents to buy some bread. 'Can't you go into any business that is more profitable than this?'"

"I'd like to open a bank if I could only get the tools," answered the tramp.

Old Portly found himself stranded for an hour or so in a strange town and decided to have something to eat.

He entered the only restaurant he could find and called for a menu.

"There ain't one, sir," said the waiter, who looked as if he'd been blighted in infancy. "but I can tell you what's on!"

"Let's have it, then," said Portly.

The waiter took a deep breath, and reeled off a lengthy list.

"You've a wonderful memory, my man."

"No, sir," said the waiter, meekly, "I just looks at the tablecloth!"

He hated having his photograph taken, but his wife, indirectly, had forced him to undergo the much-dreaded ordeal.

When she saw the photograph she cried out in horror: "Oh, George, you have only one button on your coat!"

He: "Thank heaven, you've noticed it at last. That's why I had the photograph taken!"

A girl and a man sat under a palm in the ballroom.

"Is your love true?" the girl asked.

"As true," the man answered, in low, passionate tones, "as the delicate flush on your cheek."

"Oh—er—ah!" the girl stammered, hurriedly: "isn't the—er—doesn't the band play nicely?"

## Is It Yours

Leopold Second, king of the Belgians was son of Leopold First and was born in Brussels in 1835. When he was 11, he was made Duke of Brabant and a lieutenant in the army, when he was 21 he became a member of the Belgian senate. He married Marie Henriette, who was a great granddaughter of the famous Maria Theresa and great niece of the equally famous Marie Antoinette. This young girl was so beautiful and accomplished that she was called "The Rose of Brabant," and was dearly loved by all the Belgians.

Leopold succeeded to the throne in 1865 and four years later his only son died. This left the succession to Leopold's brother, whose son Albert is now king of Belgium.

One of the greatest things politically that Leopold did for his kingdom was to develop the Congo region in Africa. It was also one of the worst things he did because of the bad administration of that region. The exploitation of the Congo brought Leopold an immense fortune and much hostile criticism.

Leopold the Second died near Brussels 10 years ago. He was a man of great strength of character, but was notoriously dissolute.

## HIGH SCHOOL PLAY MEETS WITH SUCCESS AT FIRST APPEARANCE

"Miss Somebody Else" proved to be all that had been said of it, and a large audience was pleased at its production Thursday night. The play itself was above the ordinary, and the cast fitted the parts to perfection.

Thelma Flanery fitted splendidly into the part of Constance Dracy but showed her real ability in her disguise of Nora O'Brien and her brogue was excellent.

Myron Lane as Ralph Hastings, who lived by his wits was a good impersonator of the society crook who had numerous love affairs.

Eleanor Kiernan carried probably the most difficult part in the character role of Susan Ruggs, an aged maid at the club, and her drawing speech and unhappy predictions greatly amused the audience.

Dorothy Clark, as Celeste the French maid, carried out the part in both looks and speech.

Kenneth Hudson played opposite Miss Flanery and carried out his lines with considerable ability.

Eula Custis and George Pillsbury, as Mr. and Mrs. Delavan, were good, especially the latter, in the role of an absent minded scientist. Velma Huston carried the role of Mildred Delavan, the charming daughter.

Helen Hurley, Olive Benbow, Gertrude Jones, Josephine Wolf, John Sutton and Don Currie were some of the young society's best.

Glen McFadden made a dignified chauffeur, while Louis Baldner carried the role of Mrs. Blamwood, a society woman much interested in the town's affairs.

## SPIRITUALIST DIES BUT COMES BACK TO LIFE IS REPORT

Ironton, O., April 9.—Details of the "death and resurrection" of Mrs. Elizabeth Blake, Coryville, spiritualist, rival fiction.

Mrs. Blake apparently died Wednesday morning but revived a few hours later. Thursday she was alive but her death was expected.

According to friends and relatives of Mrs. Blake, who is 62, she had been talking for several hours prior to her "death" with her husband, Zachariah Blake, who died last September, begging to take her into the land of spirits, that she might be with him. At 10:30 she was pronounced dead and announcement of the death was sent to newspapers, friends and relatives.

Mrs. J. E. Miller of Huntington, W. Va., one of the first to reach the house after the news of the death had been sent out, was met by Rex Davis, a grandson, who informed her that Mrs. Blake "had just come back to life."

Mrs. Miller said she found Mrs. Blake talking to her husband, reproving him for letting her leave the "spirit world."

Apparently conscious she talked also with the spirits of her eleven children, who have been dead for years. She spoke of the "pretty flowers" she had seen in the spirit land and referred to her husband as "just like marble, and, oh, so pretty."

"I don't see why you allowed me to come back here; there's nothing here," she said.

Some of West Virginia's most noted residents, including at least one governor, visited Mrs. Blake's cottage during her fifty years' experience as a medium at Coryville, a suburb of Ironton. Many attempts have

been made to expose her but these generally resulted in more converts. Her seances are always in broad daylight.

The society of psychical research once sent a committee to investigate Mrs. Blake's powers. The committee reported that it was unable to understand the phenomena it witnessed.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure mitigation or prevention of disease.

## Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long,

bringing the medication to bear directly upon the inflamed areas. Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

## Heart and Home Problems

Dear Mrs. Thompson: I would like to become more fleshy, as I am too thin. Can you tell me a way to become fat?

Also tell me a way to get mats out of the hair.

Eat plenty of eggs, starchy foods and drink a quart of milk a day. This will help to increase your flesh.

In some cases where the hair is badly matted it is necessary to cut out the bad places. To use the comb with great care will help some.

Dear Mrs. Thompson: I met a boy two years my senior in high school. He says he loves me truly, but he doesn't show it. He goes with other girls and if I see him and say anything about it, he tells me she was his cousin when she wasn't. Should I still go with him or not? I can't forget him.

BROKEN-HEARTED. Both you and the boy are too young to think of love. Let him go with other girls when he wants to and go with other boys yourself. To have friends at your age is much more satisfactory than to have lovers.

Dear Mrs. Thompson: I am forty and I have been married several years, but haven't lived with my wife for some time. I have done everything I could to make home pleasant and now I do not feel that I am to blame. I will never try to live with her again.

Do you think it would be all right for me to have a lady friend whom I could take to the show and pass the time with her once or twice a week? I am very lonesome. Or must I continue to live alone? Would you advise me to wait until I get a divorce before going out with a lady?

Wait until you get a divorce. A girl who goes out with a married man does not care about her reputation. I do not blame you for being lonely and think you should get your divorce as soon as possible so that you will be free to find happiness.

Dear Mrs. Thompson: We are three chums. There is a girl who lives near us. When we are in her company she is always talking about boys while we do not. We try to change the subject, but she jumps off and begins talking about them again. We like her. Is there any way of changing her conversation?

It is annoying to have to listen to talk about boys when you are not interested. In a joking way tell your friend that the subject bores you. She may not realize how much she does talk on that subject. Be as tolerant as possible because you may grow into the boy crazy stage yourselves.

Dear Mrs. Thompson: I have been going with a girl for nine months and I dearly love her and want to marry her. She says she won't marry any one she has seen yet. She refuses to go with a boy she has gone with three years; she says she would rather be in my company. I know she thinks well of me. Her parents object to her going with me, but she does so just the same. Do you think a true heart will win?

A true heart does not always win. Since the girl has given up the other man in order to be with you, your case looks favorable. Be true to her, but at the same time careful not to sicken her with your love, and there is a good chance that you will win her.

of the Post held in regular meeting rooms in the Chamber of Commerce Thursday night, when a committee was appointed to make arrangements for a team. The committee consists of Dr. C. H. Rensler, chairman, Clarence Horen and Thomas McClellan.

## SELLS PONIES TO POLO FIELD

C. C. Turner, of Wilberforce, has just sold and shipped to J. B. Dyer, of Detroit, Michigan, manager and director of a large polo field, a few fine polo ponies.

Among the horses shipped were Goldie T., a golden sorrel, sire, Lord Burbon and dam, Grace F., and Sir Rex Revine, the latter raised in Kentucky and brought to Ohio by M. D. Flack, of Wilberforce. Mr. Dyer has already refused \$800 for Goldie T. offered by an eastern polo banker.

## REVIEW POST WAR WORK OF K. OF C.

The after-war work of the Knights of Columbus one of the big welfare organizations of the late war, was reviewed by P. J. Kerwin of London, District Deputy of the State of Ohio, speaking at the banquet of the Xenia Council, Knights of Columbus, Thursday night.

Mr. Kerwin spoke of the scholarships being awarded invalided soldiers by the Knights and of the many charitable enterprises being followed by that organization since

the war closed. He also agitated a movement for an organization for boys, to be much the same in policy as the Boy Scouts, and to be under the policy of the Knights of Columbus.

W. D. Morrissey, of London, entertained the banqueters with several vocal selections.

## TIME LIMIT TO BE EXTENDED ON AUTO LICENSES 10 DAYS

Again the time limit for securing automobile licenses have been delayed ten days, by the State Registrar of Automobiles, A. G. Snow, and April 20 is now set as the last date for securing the tags.

This announcement was made in a letter received from the Registrar by Chief of Police M. E. Graham, Friday morning. The letter also explains the status of the department on cars converted from roadsters or delivery vehicles, operating under passenger car licenses.

The Secretary of State, according to the letter, requests that police do not make arrests for such irregularities. "Inspectors," says the letter, "from the department will visit each city for the purpose of filing charges against intentional violations and also for the purpose of adjusting differences resulting from lack of knowledge in making applications."

The letter continuing, sets the final date for securing the licenses as April 20, instead of April 10, giving auto owners ten days more grace in which to comply with the law.

## Influenza Prescription Here From Scotland

### Successful Over There

In Scotland when Flu threatens people start at once to breathe air which they purify themselves by a very simple method.

One of Scotland's learned doctors discovered it, prescribed it and soon its power to destroy influenza germs was heralded all over Scotland.

Recently the formula of this successful prescription reached America, and now the better pharmacies are dispensing it freely under the name of Haelanol.

When you try this Scotch inexpensive remedy, pour a few drops on a handkerchief and hold it to your nostrils.

Another favorite method, and one widely in use, is to sprinkle it on your pillow when going to bed and thus breathe this germ-destroying air during the night while sleeping.

It seems to invigorate and refresh the very air you breathe and you can feel it going deep into the lungs.

In Scotland people call this purified air breathing; the idea being, of course, that the air being impregnated with antiseptic Haelanol, the germs that congregate in the delicate membrane of the nose, throat and bronchial tubes are destroyed.

It is so acutely penetrating that a few breaths will open up clogged nostrils and sothe and heal the sore, inflamed membrane. Sohn's Drug Store sells lots of it.

## RESINOL

for a clear skin and good hair

For a skin that is excessively oily, and has coarse, clogged pores, or one that is disfigured by an annoying eruption, there is nothing better than RESINOL. Bathe first with RESINOL SOAP then apply RESINOL OINTMENT and you can be reasonably sure of a speedy and remarkable improvement.

Resinol Soap used regularly for the shampoo tends to keep the hair lustrous and the scalp free from dandruff. Where there is already a serious accumulation of dandruff, part the hair and rub Resinol Ointment well into the scalp some time before shampooing. At all druggists.

## "Like a Mighty Army Moves The Church of God"

Thirty divisions of that army—thirty denominations—are moving forward in a nationwide cooperative campaign.

THE army that stands still is really retreating. The Master's command was a forward command, "Go ye into all the World."

Out of the war the churches emerged with a new sense of the urgency of that command.

"We must move forward all along the line," they said, and each denomination planned its own "Forward Movement" to deepen the spiritual life of its members and equip itself with money and power.

Then came the greater thought, "It is not enough for us to go forward. We must be sure that there is no duplication of effort; that cooperation prevails; that every man and dollar does its utmost in service.

"We must go forward together."

So the Interchurch World Movement was formed—a clearing house through which thirty denominations without sacrificing their identity in any way—can cooperate in the service of Jesus Christ.

FOR MORE than a year trained experts have been at work making a scientific survey of the whole world, and of America county by county.

The churches, for the first time in their history, have the full facts.

They know where America is overchurched and where under-churched.

They know exactly how they can cooperate in the foreign mission fields to produce the largest results in international education, international health and international good-will.

No business man can study that survey without being impressed by the accuracy and courage with which the task has been approached.

ON THE basis of the survey, the cooperating denominations will unite in a simultaneous financial campaign in the week of April 25th.

The amounts asked for are large in the aggregate; they are small when divided among the church members of the nation—smaller still when you count the whole number of men and women who love America.

The average contribution to the church today is less than three cents per member per day. Think of it. Yet if each person who loves and believes in America will increase his contribution by only a few dollars, the whole amount will be easily subscribed.

Will you do your share for a better America and a better world? Your chance to help is coming in the week of April 25th.

## CITY TREASURER GIVEN SUBSTANTIAL SALARY INCREASE

An ordinance fixing the salary of the City Treasurer and raising the amount from \$250 to \$500, was passed by the City Commission at Thursday night's meeting.

The city treasurer was given a raise in salary from \$150 to \$250 several weeks ago. Increasing work of the

treasurer, due to the taking over of the Water Works and the number of bonds being sold, caused him to ask for the increase.

There was considerable discussion on the rules and regulations of the water works, which were passed in the form of a resolution at the meeting. The rules provide the government and operation of the water works under the regime of the city.

REPAIRS ON CITY  
BUILDING PROGRESS

Repairs and remodeling work on the city building are now almost completed.

The painters who are redecorating the interior of the building are not quite through with the work. Carpenters are still putting down a new floor in the commission chamber and police court room. Paper hangers have completed their work in all of the rooms to be painted.

With the interior of the building rearranged and improved the outside will be stuccoed, when the city sees its way clear to spend \$2,000 for that purpose.

The basement under the building has been cleaned out and will be used as a stock room for the water works. The Ford machine purchased by the city for use in the water works department, will be kept in a garage in the rear of police headquarters and will be available there for use in any department necessary.

## FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable.

30 and 60c jars; hospital size \$2.50.

RHEUMATIC  
SUFFERERS

This Prescription Gives Real Relief

Money Refunded If Two  
Bottles Fail to Relieve You.

Here's a man who tells about his experience with Prescription C-2223. "For years I suffered with rheumatism. No treatment gave me any relief. Finally I became so disgusted that I threw all of the doctor's medicine away. Several recommended Prescription C-2223, but as I could then hardly walk I thought that there was no hope of ever getting well. I commenced taking Prescription C-2223, and from the beginning began to improve. Customers now coming into my store are surprised and delighted to see and hear of my relief. I have taken eight large bottles and can now walk as good as any man. I shall always recommend Prescription C-2223 for rheumatic troubles." Geo. Kneasha, 401 South Fifteenth Street, St. Louis, Mo.

When you take Prescription C-2223, it's almost the same as consulting a specialist in rheumatic and blood diseases. This treatment was worked out by a successful physician and used by him in his private practice. If it gave his patients relief, it is not surprising that this same treatment, known as Prescription C-2223, should continue to relieve thousands suffering from rheumatism, gout, lumbago and sciatica.

The present manufacturers are so certain that Prescription C-2223 will benefit you, that they authorize druggists to refund the price of two \$1.50 bottles if you are not entirely satisfied. If you are suffering from some chronic rheumatic trouble, go to your druggist today. If he won't supply you, send \$1.75 for a bottle and a box of 2223 Liver Pills. Write Dept. 122, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and sample of the pills.

## THE BEST TONIC MONEY CAN BUY

Couldn't Sleep. Weak Nervous and Had Bad Cough.

IS WELL STRONG AGAIN  
"I recommended Earle's Hypo-Cod because for months I tried medicine after medicine with out relief and I would hate to think everybody had to spend as much money experimenting as I did before they found the real tonic to stop a cough, build you up and steady your nerves so you can sleep."

"I recommend Earle's Hypo-Cod to every woman who feels like I did. Weak run-down, nervous and unable to sleep and troubled with a chronic cough nights," declared Mrs. Lida Bayham, 927 W. 5th St., Dayton, O.  
Another Dayton user, Mr. Jack Grandy in speaking about this tonic which chemists assert is the most powerful and effective made—said: "I was having stomach trouble. Man alive! How I did suffer. Soon as I would eat a meal gas would form and my food would sour and give me all kinds of cramps, pains and indigestion symptoms. I didn't dare eat hearty or greasy foods and like lots of others I tried medicine after medicine some pretty good and some not so good, but when I finally took the advice of a party whose statement I saw in the local papers I surely got on the right track. That first bottle hit the spot. I'm now eating the old dishes that indigestion used to forbid me to eat and eating hearty meals with a relish. Yes sir—Earle's Hypo-Cod is the real tonic and I'm feeling fine. It's a genuine pleasure to get back to your old digestion and appetite." continued Mr. Grandy, 16 Maple St., Dayton, O.  
If the reader of this article will read what others say about this preparation in following issues of this paper, they surely must admit that when it comes to a tonic to build up the system Earle's Hypo-Cod is without an equal. Read the formula on bottle.  
Earle's Hypo-Cod is sold here by Shohn's Drug Store, (Opp. Court House), and the leading druggists in all nearby towns. Price \$1.25 plus 5c per oz.

of directors instruct the Secretary to write to Senators Pomerene and Harding expressing the sentiment of that body on the Fair Price Commission law, the Sever act and the Siegel Bill, following a discussion on those points Thursday evening.

W. H. B. Miller, Secretary of the Retail Merchants Association of Dayton was present and addressed the more than twenty members of the Committee who were present on the subject of his association in regard to these matters. A great deal of the discussion was on the subject of the Fair Price Commission law, while time was also devoted to the Sever Act and the Siegel bill, both of which are aimed at the retail merchant. Merchants claim that the legislature is designed to regulate and control their business and they went on record as being opposed to all three bills.

The Fair Price Commission law is a hangover from war time legislature which has not yet been repealed. The Siegel bill which was also attacked by the merchants, is designed to enforce the plan marking of cost and selling price on every product.

It was stated at the meeting that the Chamber of Commerce had been instrumental in the last 90 days in saving merchants nearly \$4,000 worth of advertising which would be of no direct value to them. This advertising was eliminated by the advertising committee of the Chamber. Mr. Miller said that at the present time his association in Dayton is prosecuting a man caught in an attempt to put over an illegitimate advertising scheme. Since his arrest charges against him have been filed by six other cities.

On motion of members, the board of directors will be requested to take out a membership for Secretary Ting-

ley in the national organization of Retail Merchants Association Secretaries and from then on, members of the local organization will benefit from the service of that association.

A number of business women were present at the meeting Thursday night and took an active interest in the discussion.

## Brother and Sister Now Praise Tanalac

Albert Steiner Says He Is Now Able To Do Twice The Work He Could Before Taking Tanalac And That His Sister Gained 16 Pounds.

"Talking about things that help people, I have just received a letter from my sister in Waterloo, Iowa, telling me she had gained sixteen pounds in weight by taking Tanalac," said A. B. Steiner, 460 East Page street, St. Paul, Minn., recently.

"My sister was on a visit to me a short while ago and as she was suffering from stomach trouble some one advised her to try Tanalac, which she did and as I saw the great benefit she was getting from it I decided to try it myself, for I had been troubled with my stomach for the past two years. I had a very poor appetite, and the little I did manage to eat seemed to lodge right in the pit of my stomach and sour. I would bloat terribly after eating and have the worst sort of cramping pains in my stomach and at times I had such bad attacks of heartburn I would nearly go wild. My back gave me a lot of trouble, and I had such intense pains in the small of my back I could hardly bend over. To add to my other troubles, about two months ago

I began to suffer with rheumatism in my shoulder blades, and arms, which got so bad I could hardly do my work and could not even put on my coat without assistance. I was so nervous I could get but little sleep and would roll and toss from one side of the bed to the other all night long, and would get up in the morning all tired out. I was so badly run down and had lost so much weight I was so weak I could hardly get about at all.

"Well, while I have only taken five bottles of Tanalac in all my improvement is simply remarkable. I have such a good appetite I am hungry all the time, and my stomach is in such a splendid condition I can eat anything I want without suffering the least bit from it afterward. The pains have all gone out of my back and I never have the least sign of the rheumatism. In fact, I never have an ache or pain of any kind, I sleep as sound as a log every night and have gained in weight and strength until I can do twice as much work as I could before I began taking Tanalac. Yes, sir, I can recommend Tanalac after what it has done for me and I know it will do the same for others if they will only give it a fair trial."

Tanalac is sold in Xenia by Sayre & Hemphill and in Yellow Springs by A. Finley.

## SHIRT SLEEVES COMFORT in your home in coldest weather

## FACTS ABOUT THE CALORIC

The Caloric heats homes of eighteen rooms or less through one register. Costs less than the stoves necessary to heat the same space. Burns any fuel. Every Caloric installed according to the guaranteed specifications of the Monitor Stove Company's engineers from blue-prints of your own building. Quick installation in old or new homes without plumbing or alterations.

Home from work and the house warm! Coat off and shirt sleeves comfort! An easy chair—a child's welcome—real happiness.

This is a glimpse into one of the more than 76,000 happy homes heated with a patented Caloric Pipeless Furnace.

Having a Caloric means your entire home heated with as little trouble as tending one stove. It means you buy 1-3 to 1-2 less fuel, yet enjoy perfect comfort in every room in coldest weather. It means heat regulated from the first floor as easily as switching on electric lights. It means the housewife's dream of cleanliness comes true—dirt, smoke, fuel and ashes banished from your rooms.

We will install a Caloric in your home under the money-back guarantee of the manufacturer, The Monitor Stove Company, Cincinnati, Ohio. And we will back their guarantee with our own personal guarantee that the Caloric must satisfy you fully. The word "satisfy" here means what you think it means. You are the judge. Come in and get the facts of Caloric "guaranteed comfort."

## PASTOR WHO "TIED" DOUGLAS AND MARY AND PASTOR-SONS

Rev. J. Whitcomb Brower and, below, his two sons, Rev. Russell, at left, and Rev. Ted.

Rev. J. Whitcomb Brower, pastor of Temple Baptist Church, Los Angeles, who performed the ceremony which made Douglas Fairbanks and Mary Pickford man and wife, is the head of an interesting family. His sons have followed in their father's footsteps and are ordained ministers. The older son, Russell, is twenty-five, and the younger one, Ted, is seventeen.

of directors instruct the Secretary to write to Senators Pomerene and Harding expressing the sentiment of that body on the Fair Price Commission law, the Sever Act and the Siegel Bill, following a discussion on those points Thursday evening.

William H. Miller, Secretary of the Retail Merchants Association of Dayton was present and addressed the more than twenty members of the committee who were present on the business of his association in regard to these matters. A great deal of the discussion was on the subject of the Fair Price Commission law, while time was also devoted to the Sever Act and the Siegel bill, both of which are aimed at the retail merchant. Merchants claim that the legislature is designed to regulate and control their business and they went on record as being opposed to all three bills.

The Fair Price Commission law is a hangover from war time legislation which has not yet been repealed. The Siegel bill which was also attacked by the merchants, is designed to enforce the plan marking of cost and selling price on every product.

It was stated at the meeting that the Chamber of Commerce had been instrumental in the last 90 days in saving merchants nearly \$4,000 worth of advertising which would be of no direct value to them. This advertising was eliminated by the advertising committee of the Chamber. Mr. Miller said that at the present time his association in Dayton is prosecuting a man caught in an attempt to put over an illegitimate advertising scheme. Since his arrest charges against him have been filed by six other cities.

On motion of members, the board of directors will be requested to take out a membership for Secretary Ting-

ley in the national organization of Retail Merchants Association Secretaries and from then on, members of the local organization will benefit from the service of that association.

A number of business women were present at the meeting Thursday night and took an active interest in the discussion.

## THE BEST TONIC MONEY CAN BUY

Couldn't Sleep. Weak Nervous and Had Bad Cough.

**IS WELL STRONG AGAIN**  
"I recommended Earle's Hypo-Cod because for months I tried medicine after medicine with out relief and I would hate to think everybody had to spend as much money experimenting as I did before they found the real tonic to stop a cough, build you up and steady your nerves so you can sleep."

"I recommend Earle's Hypo-Cod to every woman who feels like I did. Weak run-down, nervous and unable to sleep and troubled with a chronic cough nights," declared Mrs. Lida Bayham, 927 W. 5th St., Dayton, O. Another Dayton user, Mr. Jack Grandy in speaking about this tonic which chemists assert is the most powerful and effective made—said: "I was having stomach trouble. Man alive! How I did suffer. Soon as I would eat a meal gas would form and my food would sour and give me all kinds of cramps, pains and indigestion symptoms. I didn't dare eat hearty or greasy foods and like lots of others I tried medicine after medicine some pretty good and some not so good, but when I finally took the advice of a party whose statement I saw in the local papers I surely got on the right track. That first bottle did the spot. I'm now eating the old dishes that indigestion used to forbid me to eat and eating hearty meals with a relish. Yes sir—Earle's Hypo-Cod is the real tonic and I'm feeling fine. It's a genuine pleasure to get back to your old digestion and appetite," continued Mr. Grandy, 16 Maple St., Dayton, O.

If the reader of this article will read what others say about this preparation in following issues of this paper, they surely must admit that when it comes to a tonic to build up the system Earle's Hypo-Cod is without an equal. Read the formula on bottle.

Earle's Hypo-Cod is sold here by Shohn's Drug Store, (opp. Court House), and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.

## INTEREST AROUSED ON DAYLIGHT BILL IN WASHINGTON C. H.

Washington, C. H., April 8.—Great interest centered in the daylight saving proposal and additional street improvements before Council here Monday night, and a large number of citizens, including several members of the Fayette County Farm Bureau, were present and watched proceedings with interest.

Chief interest was in the daylight saving proposal. This was presented by David Sutherland, in the shape of a petition containing some 500 names, asking that the business hours be changed so that an hour of additional daylight would be available during the next several months. Mr. Sutherland said that he had found less than 20 persons who did not sign the petition, and that he believed the petition a fair representation of the sentiment of Washington citizens generally. He said the county commissioners previously had agreed to accept the change if council acted favorably.

Upon motion by Himmler the petition was placed in the hands of the committee on claims, composed of Rowe, Bloomer and Kinsbury.

Attorney C. A. Reid representing members of the Farm Bureau, protested against any change being made in the time of the court house clock saying that his clients believed that

such a change would work a hardship upon the farmers who already were getting out at dawn.

## GERMANY'S REQUEST STILL UNANSWERED

Paris, April 9.—Germany's request for a postponement of the reduction of her army to the peace treaty limits and postponement of the withdrawal of German troops from the Ruhr district and the neutral zones had not been answered this afternoon.

## STATE LEGISLATION NEEDED TO CURB RENT INJUSTICE

Columbus, O., April 9.—The committee of Ohio city solicitors, named at a conference with Governor Cox a week ago to draft a municipal rent regulation did not formulate such a measure.

Instead, it made a report to the governor saying, that, in its opinion mere city regulation without at least some state legislative action would be inadequate.

The big thing standing in the way of cities is the state eviction law, which provides landlords may eject a tenant after three days' notice, the committee declared. This statute could be changed only by state legislative action.

This difficulty was pointed out at the conference a week ago by Attorney General Price.

The ordinance the committee was supposed to draft if found feasible, was to provide for licensing of landlords through city boards.

**Easy To Punish Tenants**  
"Suppose a tenant would make a complaint against a licensed landlord," said a member of the committee. "Before a city board could look into the facts the landlord could kick out

the tenant under state law and the city would be powerless to prevent it."

Giving tenants at least 30 days, instead of three, before forcible eviction, was recommended by the committee.

Whether the governor will call a special session of the legislature nobody ventured to predict yesterday.

Granting that cities would have the power to regulate rents, at least in a measure, some members of the committee insisted, however, that if a session of the assembly is called it could more effectively regulate rents at the same time than cities individually could. The eviction law at present is plainly all in favor of the landlord and professional rent speculator, instead of in favor of tenants, the committee was agreed.

Validity in Doubt  
Some of the members also seemed to doubt whether city licensing of landlords would be effectual from either legal or practical viewpoints. They believed, that, in order to be valid, the ordinance would have to grant appeal to the courts. Whether this jurisdiction could be conferred by ordinance on courts established by state law was doubted.

Half a dozen rent regulating measures were submitted and discussed but not recommended.

## REICHSWEHR WILL COMPLETE PLANS OF OCCUPATION

London, April 9.—The reichswehr will complete their occupation of the Ruhr district tomorrow when they will take over Elberfeld and Barmen, said a wireless dispatch from Berlin this afternoon.

The German government announced that this would complete the subjugation and troubled district, but that strong police measures would be necessary as the recalcitrants have thousands of undelivered arms.

## COLUMBUS UNCERTAIN

Columbus, O., April 9.—Switchmen employed in local yards by six railroads are on the verge of walking out. Dissatisfied and disgusted with two years of nonproductive effort by their brotherhood heads to get them an increase in pay from administration officials in Washington and, now from corporation tiffans, the conversation shows they welcomed the breakaway of the Chicago workers.

Last night they had not received official word of what is transpiring in Chicago, where the situation is acute, and only meager reports of walkouts at Cleveland, Cincinnati and Toledo.

## INTEREST AROUSED ON DAYLIGHT BILL IN WASHINGTON C. H.

Washington, C. H., April 8.—Great interest centered in the daylight saving proposal and additional street improvements before Council here Monday night, and a large number of citizens, including several members of the Fayette County Farm Bureau, were present and watched proceedings with interest.

Chief interest was in the daylight saving proposal. This was presented by David Sutherland, in the shape of a petition containing some 500 names, asking that the business hours be changed so that an hour of additional daylight would be available during the next several months. Mr. Sutherland said that he had found less than 20 persons who did not sign the petition, and that he believed the petition a fair representation of the sentiment of Washington citizens generally. He said the county commissioners previously had agreed to accept the change if council acted favorably.

Upon motion by Hillier the petition was placed in the hands of the committee on claims, composed of Rowe, Bloomer and Kinsbury. Attorney C. A. Reid representing members of the Farm Bureau, protested against any change being made in the time of the court house clock saying that his clients believed that

such a change would work a hardship upon the farmers who already were getting out at dawn.

## GERMANY'S REQUEST STILL UNANSWERED

Paris, April 9.—Germany's request for a postponement of the reduction of her army to the peace treaty limits and postponement of the withdrawal of German troops from the Ruhr district and the neutral zones had not been answered this afternoon.

The time limit expires tomorrow night, Wilhelm Mayer, the German charge d'affaires said he was expecting instructions from the French government any minute.

Pawpaw, Mich., April 9.—Trial of Mrs. Sarah Tabor on a charge of manslaughter in connection with the death of her daughter, Mrs. Maudie Tabor Virgo, was set to open April 19. It was announced today at the conclusion of a preliminary hearing. The manslaughter charge was substituted for one of murder.

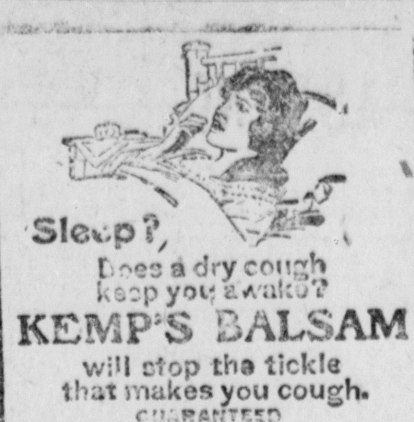

## POLICE SEARCH FOR LONE BANDIT

Kansas City, Mo., April 9.—Search was being made by the police here today for the lone bandit who boarded a Santa Fe passenger train at Henrietta, Mo., 30 miles east of Kansas City, held up four mail clerks and rifled mail pouches of lost estimated at approximately \$100,000. The robber left the train when it reached a suburb of Kansas City.

## STATE LEGISLATION NEEDED TO CURB RENT INJUSTICE

Columbus, O., April 9.—The committee of Ohio city solicitors, named at a conference with Governor Cox a week ago to draft a municipal rent regulation did not formulate such a measure.

Instead, it made a report to the governor saying that, in its opinion mere city regulation without at least some state legislative action would be inadequate.

The big thing standing in the way of cities is the state eviction law, which provides landlord may eject a tenant after three days' notice, the committee declared. This statute could be changed only by state legislative action.

This difficulty was pointed out at the conference a week ago by Attorney General Price.

The ordinance the committee was supposed to draft if found feasible, was to provide for licensing of landlords through city boards.

**Easy To Punish Tenants**  
"Suppose a tenant would make a complaint against a licensed landlord," said a member of the committee, "before a city board could look into the facts the landlord could kick out

the tenant under state law and the city would be powerless to prevent it."

Giving tenants at least 30 days, instead of three, before forcible eviction, was recommended by the committee. Whether the governor will call a special session of the legislature no body ventured to predict yesterday.

Granting that cities would have the power to regulate rents, at least in a measure, some members of the committee insisted, however, that if a session of the assembly is called it could more effectively regulate rents at the same time than cities individually could. The eviction law at present is plainly all in favor of the landlord and professional rent speculator, instead of in favor of tenants, the committee was agreed.

to doubt whether city licensing of landlords would be effectual from either legal or practical viewpoints. They believed, that, in order to be valid, the ordinance would have to grant appeal to the courts. ## REICHSWEHR WILL COMPLETE PLANS OF OCCUPATION

London, April 9.—The reichswehr will complete their occupation of the Ruhr district tomorrow when they will take over Elberfeld and Earmen, said a wireless dispatch from Berlin this afternoon.

The German government announced that this would complete the subjugation and troubled district, but that strong police measures would be necessary as the recalcitrants have thousands of undelivered arms.

## COLUMBUS UNCERTAIN

Columbus, O., April 9.—Switchmen employed in local yards by six railroads are on the verge of walking out. Dissatisfied and disgusted with two years of nonproductive effort by their brotherhood heads to get them an increase in pay from administration officials in Washington and, now from corporation tiffans, the conversation shows they welcomed the breakaway of the Chicago workers.

Last night they had not received official word of what is transpiring in Chicago, where the situation is acute, and only meager reports of walkouts at Cleveland, Cincinnati and Toledo.

## RUSSEL GREINER WILL ADDRESS MEETING HERE

Russel Greiner, one of Xenia's most prominent former citizens, now a Kansas City business man, and prominently connected with the International Rotary Club, will be the guest of the Chamber of Commerce at the April banquet of that organization on April 28.

Mr. Greiner will spend April 27 and 28 in this city, visiting his sister, Mrs. William M. Wilson, and the Chamber of Commerce has taken advantage of that opportunity to have him address a local audience at the April banquet.

Mr. Greiner is a former member of the staff of the Gazette, having been a carrier boy for this paper in his youth, and later connected with the editorial staff as a reporter. When twenty years of age he went to Kansas City where he is now President of the Union Bank Note Company, prominently affiliated with the Kansas City Chamber of Commerce, and known as one of the most prominent financiers in the world.

In 1914 Mr. Greiner served as President of the International Rotary Club. When he visits Xenia he will be on his way to New York to meet Rev. Leslie E. Pidgeon, pastor of the Augustine reformed Church of Winnipeg, Canada, representing the Canadian Rotary Clubs, and with Mr. Greiner representing the Clubs of the United States they will go to England where they will attend the Conference of the British Association of Rotary Clubs to be held in Harrogate, England, on May 12 and 13.

After visiting a number of the larger clubs of Great Britain, the American Representatives will have the honor of carrying to France and presenting the Charter to the newly organized Rotary Club of Paris, sent from the International Board.

On his return from Europe, Mr. Greiner will attend the annual Convention of Rotary which will be held this year in Atlantic City, the week beginning June 20.

Mr. Greiner is one of a number of prominent former Xenians, whom the Chamber of Commerce expects to invite to participate in the monthly banquets of that organization.

## NIGHT PATROLMAN APPOINTED TO FILL VACANCIES ON FORCE

Edward F. Morris, of this city, was appointed city patrolman, to fill the vacancy in the police department made by the promotion to Chief of Police M. E. Graham, by City Manager Kenyon Riddle Friday morning.

Morris and Lon Pritchard took the Civil Service Examination given at the city building at nine o'clock Friday morning and both passed. Mr. Riddle made the appointment of Morris immediately afterward.

The new patrolman came to this city from Cass County, Indiana, where he formerly operated a general merchandise store, two years ago. He has since been employed as driver for the Standard Oil Company.

Morris will start in his new position on the police department, April 15, going on as night patrolman, taking the beat made vacant by the promotion of Patrolman Dave Mangan, to the night desk job. Officer Ed Wilkins has been filling the vacancy since the change in the department April 1, but was not a candidate for the regular position. The new patrolman will work from eight o'clock at night until six o'clock in the morning.

From Editorial in the  
Gazette Times, January 20, 1920  
CHANCES OF STRIKING OIL

The big producers are being found  
by drillers in the southwestern fields  
of the United States, but there is  
certainty of "striking oil" in Penn-  
sylvania, where the product commands  
the highest price and the wells last  
long. The country over, the driller's  
chances are approximately four to one  
in favor of getting oil; in Pennsylv-  
ania he has approximately nine  
chances of success to one of a failure.  
This was learned from the Oil City Der-  
rick's report of drilling operations dur-  
ing 1919.

In the United States as a whole  
28,462 wells were completed, of which  
5,351 were dry, or non-productive; in  
Pennsylvania the completion, totalled  
5,178, of which only 573 brought total  
disappointment to the owners. The  
chief reason for the discrepancy is  
apparent. In the newer fields there is  
genuine wild-catting; the oil bearing  
areas of Pennsylvania are well defined.  
But the risk one runs in drilling an  
oil well is not wholly exposed by the  
figures quoted. It is not precise to say  
that there is a 9 to 1 chance of suc-  
cess in Pennsylvania, for if one falls  
his loss is virtually total as to that  
well. And so it is wherever one drills.  
But if one gets oil he may, at present  
prices have the equivalent of a fortune  
in a comparatively small producer. It  
is an alluring hazard. That is what  
the unprecident prices offered for  
crude are intended to make. Appar-  
ently they are proving effective for  
the new production is not sufficient to  
balance the demand which is growing  
at a prodigious rate. Therefore still  
higher prices may be expected. The  
prospective reward must balance the  
risk that is taken in any form of  
gambling, and drilling for oil, wherever  
it is undertaken, is a gamble.

From Editorial in the  
Gazette Times, January 20, 1920  
CHANCES OF STRIKING OIL

The big producers are being found by drillers in the Southwestern fields of the United States, but there is more certainty of "striking oil" in Pennsylvania, where the product commands the highest price and the wells last long. The country over, the driller's chances are approximately four to one in favor of getting oil; in Pennsylvania he has approximately nine chances of success to one of a failure. This was learned from the Oil City Derrick's report of drilling operations during 1919.

In the United States as a whole 28,462 wells were completed, of which 5,951 were dry, or non-productive; in Pennsylvania the completion, totaling 5,178, of which only 573 brought total disappointment to the owners. The chief reason for the discrepancy is apparent. In the newer fields there is genuine wild-catting; the oil bearing areas of Pennsylvania are well defined. But the risk one runs in drilling an oil well is not wholly exposed by the figures quoted. It is not precise to say that there is a 3 to 1 chance of success in Pennsylvania, for if one falls his loss is virtually total as to that well. And so it is wherever one drills. But if one gets oil he may, at present prices have the equivalent of a fortune in a comparatively small producer. It is an alluring hazard. That is what the unprecedented prices offered for crude are intended to make. Apparently they are proving effective but the new production is not sufficient to balance the demand which is growing at a prodigious rate. Therefore still higher prices may be expected. The prospective reward must balance the risk that is taken in any form of gambling, and drilling for oil, wherever it is undertaken, is a gamble.

## COUNTY INSTITUTE WILL BE HELD BY XENIA W. C. T. U.

A county institute will be held by the Women's Christian Temperance Union, May 6, at the Friends church. This was decided at a meeting of the county executive board which was held Thursday at the home of Mrs. Walter L. Dean, west Market street.

Mrs. I. Jennings of Marion, a field worker, will be present at the institute as a speaker, and will remain in the county for a month doing field work. Another prominent person who will be at the institute, is Dr. Effie Berthoff, a note disinger.

The temperance workers heard an interesting talk by Miss Bertha Trebein, county chairman of the child welfare work, regarding the child survey of the county. Miss Trebein pointed out that according to the 1910 census the percentage of illiteracy in the county was 23.6. An educational campaign was urged.

The executive board adopted five points in the work for child welfare: first, that the child has a right to be well born; second, that it has a right to education; third, that it has a right to know itself; fourth, that it has a right to physical training, and fifth, that it has a right to spiritual training.

## PLAN CO-OPERATIVE ELEVATOR IN BATH TOWNSHIP SOON

At a meeting of the Bath Town-ship Farm Bureau Tuesday evening, April 6, a movement was set on foot to establish a Farmers Co-operative Elevator. Twenty-five men present, signed for \$5,500. A committee was appointed to work up the membership.

On account of the fact that the railroad will be moved from Osborn, Bath Township will be without a grain marketing point. It is a proposition of the farmers to establish an elevator some where on the sight of the new railroad tracks which are going to run east of Fairfield.

## COUNTY INSTITUTE WILL BE HELD BY XENIA W. C. T. U.

A county institute will be held by the Women's Christian Temperance Union, May 6, at the Friends church. This was decided at a meeting of the county executive board which was held Thursday at the home of Mrs. Walter L. Dean, west Market street.

Mrs. I. Jennings of Marion, a field worker, will be present at the institute as a speaker, and will remain in the county for a month doing field work. Another prominent person who will be at the institute, is Dr. Effie Berthoff, a note dinger.

The temperance workers heard an interesting talk by Miss Bertha Trebein, county chairman of the child welfare work, regarding the child survey of the county. Miss Trebein pointed out that according to the 1910 census the percentage of illiteracy in the county was 23.6. An educational campaign was urged. The executive board adopted five points in the work for child welfare: first, that the child has a right to be well born; second, that it has a right to education; third, that it has a right to know itself; fourth, that it has a right to physical training; and fifth, that it has a right to spiritual training.

Miss Carrie Flatter, county president, Mrs. Dean and Miss Mary Irvin gave reports on the state mid-year meeting in Troy.

Plans for the year's work were made at the meeting.

## LUMBER FACTORIES TO CLOSE DOWN

Chicago, April 9.—All lumber mills in Wisconsin, Michigan, and Minnesota, numbering approximately 2,000 will be closed down May 1, it was disclosed here today by D. W. Baird, president of the D. W. Baird Lumber Company.

The shutdown will be the answer of the lumber manufacturers to the demands of the timber workers, who have been unionized, for an increase in pay to 75 cents an hour. Mr. Baird said.

Such a lockout will mean a tremendous curtailing of lumber production, and that prices, which have already reached unprecedented heights, will soar still higher.

## RECENT BRIDE IS GIVEN "SHOWER"

Mrs. Lawrence Hickman (Dorothy Jenks), who became a bride a few weeks ago, was "showered" with many lovely gifts by a large company of friends who gathered at her home 103 South Chestnut street, Thursday night.

Miss Jenks, Mrs. Hickman's sister, was the hostess. Primrose decked the house, and the gifts to Mr. Hickman were heaped upon the dining room table which was centered by a basket full of primroses, the handle of the basket decorated with a big bow of pink ribbon.

The ice and cake served, were in pink and white, which was the color motif of the evening. Fifty people enjoyed the evening.

## NEW YORKER KILLED IN FINLAND, REPORT

Chicago, April 9.—John Reed, a New York writer known throughout the country for his authorship of radical propaganda has been shot and killed in Finland, according to a report received here today by Assistant States Attorney Henry Berger. The last heard of Reed here was that he had been captured by the Finns at Abao, Finland, while trying to make his escape from Russia with a quantity of soviet literature. His indictment here was due to his affiliations with the communist labor party.

## MORE CASUALTIES IN LONDON

London, April 9.—A British bicycle policeman was killed and two others wounded, one fatally when the trio were ambushed near Nenagh, Ireland today.

A new "cattle drive" was carried out of Killulash.

The Blackboy barracks have been burned. Four arrests were made.

## PLAN CO-OPERATIVE ELEVATOR IN BATH TOWNSHIP SOON

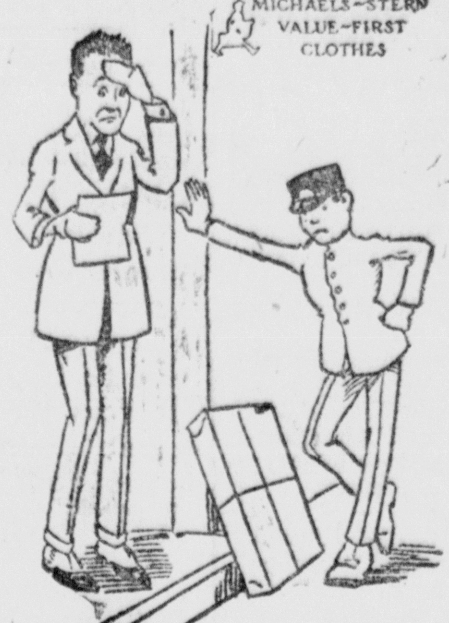

At a meeting of the Bath Township Farm Bureau Tuesday evening, April 6, a movement was set on foot to establish a Farmers Co-operative Elevator. Twenty five, men present, signed for \$5,500. A committee was appointed to work up the membership.

On account of the fact that the railroad will be moved from Osborn, Bath Township will be without a grain marketing point. It is a proposition of the farmers to establish an elevator some where on the sight of the new railroad tracks which are going to run east of Fairfield.

The Bath Township meeting was addressed by C. S. Latchaw, secretary of the State Farmers Co-operative Elevator Association and K. B. Dustman, Soil Specialist of Ohio State University.

# Of Interest To Our Patrons

The condition of the Rug Market is fast reaching the alarming stage. Prices are soaring and goods almost impossible to get even at the high prices. Conditions are such that recently a large retail concern in the Northwest offered to buy the entire Rug and Carpet stock of one of the largest retail stores in Chicago and pay them the MARKED RETAIL PRICE for the entire stock, which would run far into the millions.

Fortunately for our customers and for us, we have not yet had to resort to any such means to secure merchandise.

Our entire stock of Floor Coverings is considerably underpriced and we strongly urge any of our friends who contemplate purchasing rugs, to do so now. The sooner the better—both from a price standpoint and from assortment standpoint.

Items mentioned below may help you solve your house cleaning problems:

## BACKED OUT FROM SELLING HIS FARM

Greene County farmer and orchard man changed his mind after he got able to do the work he had given up a year ago.

Stomach, bowels, kidney and liver had him discouraged. He took Dreco the great medicine, and feels like himself again.

"I often said I would give half my farm if I could only get some medicine that would get my stomach, bowels and kidneys right again," said Mr. Wallace Berryhill, the prosperous farmer of Bellbrook, Greene County, O.  
"Years ago I visited down in Alabama and got ptomaine poison from eating sea crabs and was years getting better, in fact, I didn't really improve fast till I got some of this Dreco. I feel so much better that I can hardly realize now that I had suffered for so long. All the pain and nausea in my stomach is gone, also that lump in my throat, and my stomach is flat instead of being bloated with gas. I am gaining in solid flesh, sleep all night long and don't have to get up one time with my kidneys. My nerves are under wonderful control and not many men of my age have the steady hand that I have. My bowels act regular every morning, which makes me feel good all day."  
"Dreco is great to build up waning strength, for I am doing work on my place that I gave up last year as beyond me. In fact, I had concluded to sell my farm and retire and was about to close the deal when I began taking Dreco and today I don't want to sell, for I am able to conduct my affairs as usual and I credit Dreco with all of this."  
Dreco has won a great reputation by restoring old persons and those who are weakly, sick and rundown. Those who need a powerful tonic to build up their strength and get them in condition or who have deranged stomachs, weak kidneys, sluggish livers or shattered nerves should at once get Dreco.  
Dreco is sold by all progressive druggists throughout the country and is being specially introduced in this city by

### How Ladies Improve Looks!

"Many ladies, old and young suffer a round of torture with their nerves, and many are so frail, thin and bloodless that their splendid features are lost sight of, while a vain attempt to conceal the angularity of the figure deceives no one but themselves and really excites the pity or ridicule of the world," said a well known, largely employed practicing physician, in a recent lecture at a young ladies' college. "I do not mind exposing a little secret of mine to all such, as it can do no harm and may result in much happiness and health. It is simply this: Any thin, bloodless, nerve-tortured man or woman can become as fit as the fittest by taking regularly for several months an easily obtained pharmaceutical produce known by the profession and pharmacists as three-grain hypo-nuclease tablets, put up in sealed packages with directions for home use."

#### MAPLE SUGAR TIME.

Easy Maple Custard—Two eggs, two cups of milk, one-half cup of maple sugar.  
Beat the eggs well, add the milk and maple sugar. Pour into buttered custard cups and bake in a slow oven until firm.  
Maple Filling—One cup maple syrup, one-half cup whipped cream, one egg white, few grains of salt.  
Boil syrup until it threads. Add salt to egg white and beat until stiff. Add syrup to egg white slowly, stirring all the time. Add the cream and continue beating until it is thick enough to spread. On top of the cake pile this same filling and sprinkle with chopped walnuts or butternuts.  
Maple Cream—A delicious confection is made by simply boiling maple syrup down until it "grains" when stirred briskly with a fork. A little may be tested on a saucer to deter-

mine when it has boiled enough. It may be poured into tiny jelly molds which have been oiled, to harden. Nuts or coconut may be added, but the syrup alone is delicious.

Maple Fruit Betty—Two bananas, sliced very thin, two and one-half cups finely chopped tart apples, two-thirds cup maple syrup, two cups corn flakes, three teaspoons butter, one teaspoon cinnamon, one-half teaspoon nutmeg, one-third teaspoon salt.  
Mix chopped apples, bananas, and salt thoroughly, spread half the mixture in shallow baking dish, sprinkle with half the spices, pour half the syrup over the fruit and dot with half the butter, cut into bits.

Next spread all the corn flakes evenly, top with remaining apple and banana mixture and other ingredients, cover and bake until apples are tender (twenty or thirty minutes) in a moderate oven. Serve warm, not hot, with cream.  
Maple Oatmeal Cookies—One-quarter cupful of grated maple sugar, one-quarter cupful of syrup, one egg, one cupful of uncooked oatmeal, one scant tablespoonful of shortening, one-half teaspoonful of vanilla.  
Beat the egg well, gradually add the maple sugar and the heated syrup, then melted shortening and other ingredients. If the batter seems too thin it will be necessary to add enough flour to thicken. Drop from a spoon to a greased baking sheet and bake in a moderate oven fifteen minutes.

Baked Ham—Take a slice of ham about two inches thick. Rub the top with a little ground mustard. Add one-half cup of brown sugar. Cover with sweet milk and let bake until tender.

#### RAIL REVENUES SLUMP

Washington, April 9.—Railroad operating revenues for February, the last month of federal control, fell \$8,650,000 below operating expenses and thereby increased the government's deficit in operation, the interstate commerce commission reported. The commission's report covered the earnings and expenses of more than 80 per cent of the lines.

#### FAMOUS SCOUT IS DEAD

Los Angeles, April 9.—Captain Lewis C. Shilling, aged 58, scout and guide, foster son of Kit Carson, associate of Davy Crockett and Colonel

James Bowie, and member of General John C. Fremont's California expedition, is dead at the National Soldiers' Home at Sawtelle, near here.  
He was a native of Ohio.

#### USE NEW TIME

Columbus, O., April 9.—Starting Monday Columbus mail will be delivered and collected on Eastern time of "daylight saving" time, Assistant Postmaster Robinson announced yesterday.

## THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS  
A MODERN STORY OF HOME AND BUSINESS

### THE HOUSE WARMING

#### Chapter 99

"It's perfectly wonderful, Gerry! How in the world did you ever make your rooms so lovely?" Jane Murphy exclaimed before she had taken off her wraps.  
"Oh, she just waved her fairy wand and it all came about," Mary broke in. They had all arrived at about the same time. "She'll get all puffed up if you praise her too much. I am going out in the kitchen and see if she has cleaned under the ice box and such places. You know people say that when a woman puts all her money and thought in her parlor, the kitchen suffers."  
"Where did you read that, Mary?" Robert asked.  
"Sh—s, Robert, don't give me away. I hoped they would think it came out of my head."  
"Not room enough, Mary!" But good as her word, Mary ran out in the kitchen, looked under the ice box and the sink, then called:  
"The ninth wonder of the world, girls! It's clean out here too."  
So, laughing and talking we started to play bridge.  
"Look at Robert's eyes shine," Mary whispered to me. He was to play opposite her.  
"Yes, I know," I answered.  
What a happy evening we had! It was different entertaining in one's own home. Robert was right—

there was a different feel to it; you took more interest.

We stopped playing at 11 o'clock. Then with a flourish Robert drew aside the drapery which hung between the dining and living room. The oh's, and the ah's and other exclamations repaid me for all my trouble to make my supper attractive.

"Faries again! Tell me where they live, Gerry, Gardner never will be happy with what I can do after seeing this." Mary spoke so naively of her approaching marriage that we all had accepted it in the same spirit. "Nonsense! You can do just as well as I can at this sort of thing."

"Your training at Madame's has helped you I expect, Gerry." Betty Weed interrupted, "but really it is exquisite. Aren't these place cards dear?" speaking to no one in particular. "Where did you find them?"

"I made them." I had taken some stiff cardboard and decorated them with water colors. I didn't add that I had haunted one of the smart shops and copied their exclusive designs. "Smarty-smart!" Mary chorused.

"Come on and sit down and stop flattering me. I shall be spoiled." I was really becoming embarrassed by so much praise, but Robert's eyes shone like stars, and I knew he was pleased.

"Um—um—fairies cook for you too?" Carson Murphy asked.

"No—unless you call me a fairy."

"Ten pounds too heavy, Gerry. This croquette is delicious." So it went all through supper; one compliment after another. Robert insisted that I shouldn't rise from the table, and so he served the coffee.

"It's a mighty poor family that can't afford one butler," he said as he flourished his napkin.

"Indade it is thot. Mister Mortimer!" Mary agreed in her choicest brogue.

After the coffee the boys smoked, and we girls chattered like magpies. I had to show them every single thing I had bought; they fairly turned the house inside out for fear they would miss something.

"Ain't it a great and glorious feeling, Gerry?" Mary asked.

"What, Mary?"

"To have a home of your own, to do as you want to, and ask no odds of no one. Gee, girls! I wouldn't stay in that hash house where Gerry and Robert almost spent their lives if Mrs. Lane would give it to me, and throw in the boarders."

"It is nice to have you all and feel we are independent," I returned just as the boys called that they were ready if the girls were.

"Wasn't it great, dear?" Robert asked when we were alone. "You are a wonder-wife. I don't believe there ever was another like you."

## Build of wood and build better

Of course if you have barrels of money this argument may not appeal to you for this advice is to those who want a home of their own and who must economize to get it.

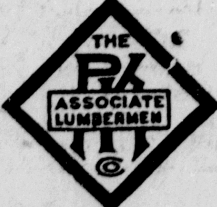

**Why build of wood do you say? The reasons** are many. Lumber is the cheapest and, if wisely selected, durable to the limit of any possible desire. Wood is the most elastic material on earth, the oldest in use, and easily adaptable to every design. Wood permits "The Added Touch" which creates comfort in possession and which means added profits when the time comes to sell.

**Furthermore in using wood you do not of necessity** overburden yourself with debt in the beginning by building larger than your immediate demands. Plan with a view to future additions as your need requires. A coat of paint will then harmonize the whole—an achievement impossible with any other material known.

**BUILD! Build now! Start before the birds** begin to sing! Allow nothing to discourage you. You'll be happier; you'll be worth more—to your country; to your family; to your community; to yourself than you ever can be otherwise.

**The Greene County Lumber Co.**

## BACKED OUT FROM SELLING HIS FARM

Greene County farmer and orchard man changed his mind after he got able to do the work he had given up a year ago.

Stomach, bowels, kidney and liver had him discouraged. He took Drecko the great medicine, and feels like himself again.

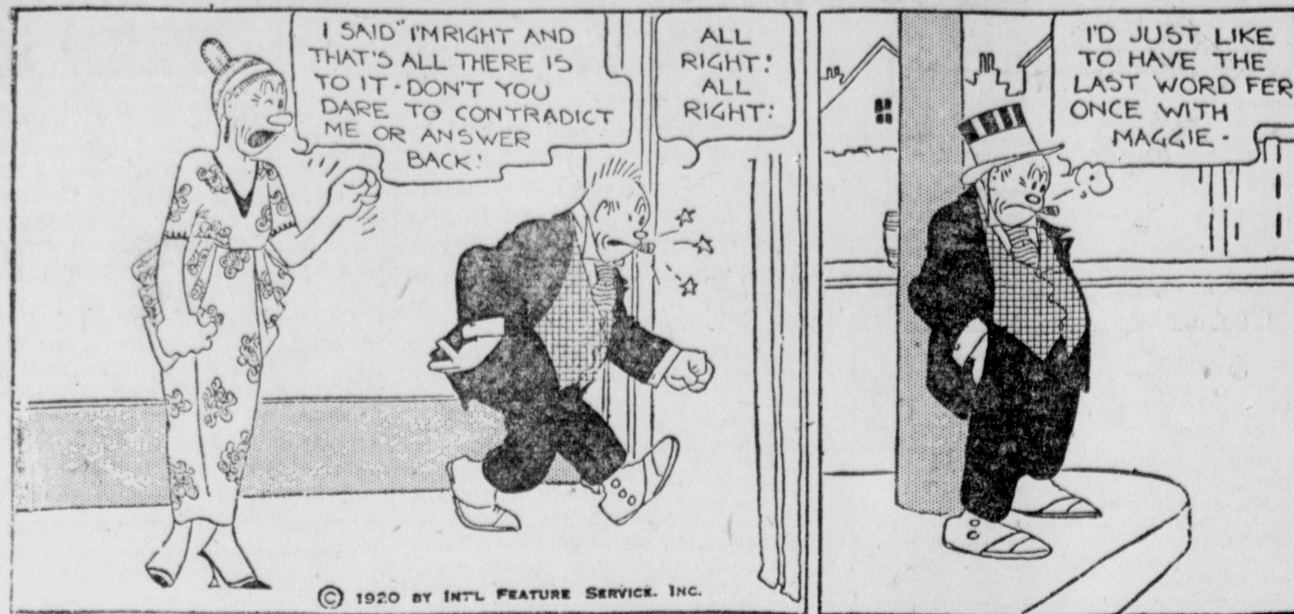

"I often said I would give half my farm if I could only get some medicine that would get my stomach, bowels and kidneys right again," said Mr. Wallace Berryhill, the prosperous farmer of Bellbrook, Greene County, O.  
"Years ago I visited down in Alabama and got ptomaine poison from eating sea crabs and was years getting better. In fact, I didn't really improve fast till I got some of this Drecko. I feel so much better that I can hardly realize now that I had suffered for so long. All the pain and nausea in my stomach is gone, also that jump in my throat, and my stomach is flat instead of being bloated with gas. I am gaining in solid flesh, sleep all night long and don't have to get up one time with my kidneys. My nerves are under wonderful control and not many men of my age have the steady hand that I have. My bowels act regular every morning, which makes me feel good all day."  
"Drecko is great to build up waning strength, for I am doing work on my place that I gave up last year as beyond me. In fact, I had concluded to sell my farm and retire and was about to close the deal when I began taking Drecko and today I don't want to sell, for I am able to conduct my affairs as usual, and I credit Drecko with all of this."  
Drecko has won a great reputation by restoring old persons and those who are weak, sick and rundown. Those who need a powerful tonic to build up their strength and get them in condition or who have deranged stomachs, weak kidneys, sluggish livers or shattered nerves should at once get Drecko.  
Drecko is sold by all progressive druggists throughout the country and is being specially introduced in this city by

### How Ladies Improve Looks!

"Many ladies, old and young suffer a round of torture with their nerves, and many are so frail, thin and bloodless that their splendid features are lost sight of, while a vain attempt to conceal the angularity of the figure deceives no one but themselves and really excites the pity or ridicule of the world," said a well known, largely employed practicing physician, in a recent lecture at a young ladies' college. "I do not mind exposing a little secret of mine to all such, as it can do no harm and may result in much happiness and health. It is simply this: Any thin, bloodless, nerve-tortured man or woman can become as fit as the fittest by taking regularly for several months an easily obtained pharmaceutical product known by the profession and pharmacists as three-grain hypo-nutrient tablets, put up in sealed packages with directions for home use."

### MAPLE SUGAR TIME.

Easy Maple Custard—Two eggs, two cups of milk, one-half cup of maple sugar.

Beat the eggs well, add the milk and maple sugar. Pour into buttered custard cups and bake in a slow oven until firm.

Maple Filling—One cup maple syrup, one-half cup whipped cream, one egg white, few grains of salt. Boil syrup until it threads. Add salt to egg white and beat until stiff. Add syrup to egg white slowly, stirring all the time. Add the cream and continue beating until it is thick enough to spread. On top of the cake pile this same filling and sprinkle with chopped walnuts or butternuts.

Maple Cream—A delicious confection is made by simply boiling maple syrup down until it "grains" when stirred briskly with a fork. A little may be tested on a saucer to deter-

mine when it has boiled enough. It may be poured into tiny jelly molds which have been oiled, to harden. Nuts or coconut may be added, but the syrup alone is delicious.

Maple Fruit Betty—Two bananas, sliced very thin, two and one-half cups finely chopped tart apples, two-thirds cup maple syrup, two cups corn flakes, three teaspoons butter, one teaspoon cinnamon, one-half teaspoon nutmeg, one-third teaspoon salt.

Mix chopped apples, bananas, and salt thoroughly, spread half the mixture in shallow baking dish, sprinkle with half the spices, pour half the syrup over the fruit and dot with half the butter, cut into bits.

Next spread all the corn flakes evenly, top with remaining apple and banana mixture and other ingredients, cover and bake until apples are tender (twenty or thirty minutes) in a moderate oven. Serve warm, not hot, with cream.

Maple Oatmeal Cookies—One-quarter cupful of grated maple sugar, one-quarter cupful of syrup, one egg, one cupful of uncooked oatmeal, one scant tablespoonful of shortening, one-half teaspoonful of vanilla.

Beat the egg well, gradually add the maple sugar and the heated syrup, then melted shortening and other ingredients. If the batter seems too thin it will be necessary to add enough flour to thicken. Drop from a spoon to a greased baking sheet and bake in a moderate oven fifteen minutes.

Baked Ham—Take a slice of ham about two inches thick. Rub the top with a little ground mustard. Add one-half cup of brown sugar. Cover with sweet milk and let bake until tender.

### RAIL REVENUES SLUMP

Washington, April 9.—Railroad operating revenues for February, the last month of federal control, fell \$8,650,000 below operating expenses and thereby increased the government's deficit in operation, the interstate commerce commission reported. The commission's report covered the earnings and expenses of more than 80 per cent of the lines.

### FAMOUS SCOUT IS DEAD

Los Angeles, April 9.—Captain Lewis C. Shilling, aged 58, scout and guide, foster son of Kit Carson, associate of Davy Crockett and Colonel

James Bowie, and member of General John C. Fremont's California expedition, is dead at the National Soldiers' Home at Sawtelle, near here.

He was a native of Ohio.

## THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS  
A MODERN STORY OF HOME AND BUSINESS

### THE HOUSE WARMING

#### Chapter 99

"It's perfectly wonderful, Gerry! How in the world did you ever make your rooms so lovely?" Jane Murphy exclaimed before she had taken off her wraps.  
"Oh, she just waved her fairy wand and it all came about," Mary broke in. They had all arrived at about the same time. "She'll get all puffed up if you praise her too much. I am going out in the kitchen and see if she has cleaned under the ice box and such places. You know people say that when a woman puts all her money and thought in her parlor, the kitchen suffers."

"Where did you read that, Mary?" Robert asked.

"Sh—s, Robert, don't give me away. I hoped they would think it came out of my head."

"Not room enough, Mary!" But good as her word, Mary ran out in the kitchen, looked under the ice box and the sink, then called:

"The ninth wonder of the world, girls! It's clean out here too!"

So, laughing and talking we started to play bridge.

"Look at Robert's eyes shine," Mary whispered to me. He was to play opposite her.

"Yes, I know," I answered.

What a happy evening we had! It was different entertaining in one's own home. Robert was right—

there was a different feel to it; you took more interest.

We stopped playing at 11 o'clock. Then with a flourish Robert drew aside the drapery which hung between the dining and living room. The oh's, and the ah's and other exclamations repaid me for all my trouble to make my supper attractive.

"Faries again! Tell me where they live, Gerry, Gardner never will be happy with what I can do after seeing this." Mary spoke so naively of her approaching marriage that we all had accepted it in the same spirit.

"Nonsense! You can do just as well as I can at this sort of thing."

"Your training at Madame's has helped you I expect, Gerry," Betty Weed interrupted, "but really it is exquisite. Aren't these place cards dear?" speaking to no one in particular.

"Where did you find them?"

"I made them." I had taken some stiff cardboard and decorated them with water colors. I didn't add that I had haunted one of the smart shops and copied their exclusive designs.

"Smarty-smart!" Mary chorused "Come on and sit down and stop flattering me. I shall be spoiled."

I was really becoming embarrassed by so much praise, but Robert's eyes shone like stars, and I knew he was pleased.

"Um—um—fairies cook for you too?" Carson Murphy asked.

"No—unless you call me a fairy."

"Ten pounds too heavy, Gerry. This croquette is delicious."

So it went all through supper; one compliment after another. Robert insisted that I shouldn't rise from the table, and so he served the coffee.

"It's a mighty poor family that can't afford one butler," he said as he flourished his napkin.

"Indade it is that. Mister Mortimer!" Mary agreed in her choicest brogue.

After the coffee the boys smoked, and we girls chattered like magpies. I had to show them every single thing I had bought; they fairly turned the house inside out for fear they would miss something.

"Ain't it a great and glorious feeling, Gerry?" Mary asked.

"What, Mary?"

"To have a home of your own, to do as you want to, and ask no odds of no one. Geo, girls! I wouldn't stay in that hash house where Gerry and Robert almost spent their lives if Mrs. Lane would give it to me, and throw in the boarders."

"It is nice to have you all and feel we are independent," I returned just as the boys called that they were ready if the girls were.

"Wasn't it great, dear?" Robert asked when we were alone. "You are a wonder-wife. I don't believe there ever was another like you."

## Build of wood and build better

Of course if you have barrels of money this argument may not appeal to you for this advice is to those who want a home of their own and who must economize to get it.

**Why build of wood do you say? The reasons** are many. Lumber is the cheapest and, if wisely selected, durable to the limit of any possible desire. Wood is the most elastic material on earth, the oldest in use, and easily adaptable to every design. Wood permits "The Added Touch" which creates comfort in possession and which means added profits when the time comes to sell.

**Furthermore in using wood you do not of necessity** overburden yourself with debt in the beginning by building larger than your immediate demands. Plan with a view to future additions as your need requires. A coat of paint will then harmonize the whole—an achievement impossible with any other material known.

**BUILD! Build now! Start before the birds** begin to sing! Allow nothing to discourage you. You'll be happier; you'll be worth more—to your country; to your family; to your community; to yourself than you ever can be otherwise.
